## EDITORIAL

Dear Readers,

You may have read recently in the papers about the governments and judges concern about a growing peril in our country – the peril of drugs (mainly Cocaine and Heroin). There is no doubt that such substances are abhorent to most of us– not only do people commit terrible acts whilst under the influence of drugs they commit criminal acts to raise money to purchase drugs. The facts are clear:

★ IN SOME AREAS OF BRITAIN DRUG TAKING HAS REACHED EPEDEMIC PROPORTIONS

★ COCAINE has become so fashionable in London and the big cities that nearly every nightclub is frequented by one or more dealers plying his trade and the 'loos' almost always have somebody in them taking cocaine.

★ Big Time crime has turned to dealing in drugs as it's 'easier' and more profitable than other ways of making money.

We as a magazine must addour voice to the people who are standing out against the use of drugs. We urge each and every one of you not to be tempted to use drugs and report to the authorities people dealing in drugs. HOWEVER we urge the police to use every means at their disposal to break the drug syndicates. So often the police waste time and resources seizing and destroying girlie books THAT DO NO HARM AT ALL – yet seem to lack the resources to counter the real obscenity in our society: DRUGS! Surely its about time that somebody in authority stopped wasting the public's resources by using police and courts time seizing girlie magazines and started using every means at their disposal to combat the menace of drugs. Drugs undermine the society we live in (in contrast there is NO EVIDENCE that girlie booksdo any harm at all). Lets see the size of Obscene Publications Squad reduced and the Drugs Squad expanded; lets have some common sense!

If you support this argument send a letter of support to your MP (who can be contacted at the Houses of Parliament, London SW1) or the Home Secretary (who can be contacted at the Home Office, Whitehall, London SW1).

Yours, Editor.

# XMAS FANTASY

***Most fantasies remain that, just a fantasy, but there is always that one chance in a million that a man's fantasy will come true. This is the story of a man who had that lucky break, a man who found on Xmas that his number had come up, as they say.***

She was the sort of woman I had always wanted, the sort of woman I had always dreamed about, the sort of woman that I knew I would never get.

I was doing some Xmas shopping, just a few odds and ends, as I don't have many friends, and anyway, Xmas has never been a lucky time of the year for me, and as my friends were all away, it seemed as if this year I would be spending Xmas on my own.

Well, there she was, in this store, at the perfume counter, buying bottles of the stuff as if money had gone out of fashion.

She was tall, blonde, fantastic, and I just stood there and stared at her, dreaming dreams, wondering what it would be like to get into bed with a woman like that.

I could just imagine it, her and me in front of a fire on Xmas day, she and I naked and making love. Yes, a dream, a fantasy, and there was no chance at all for that fantasy turning into reality, for such dreams never come true for people like me.

She turned, saw that I was staring at her, and then she frowned, then went a little pale and gasped, and then came over to me.

"Jim," she said.

"My name is Peter," I told her.

Her voice was low and soft and sexy, and sent a tingle up and down my spine.

"I'm sorry," she said. "You are the double of a man I used to know. I'm sorry, I thought you were he."

"No problem," I said.

"The resemblance is amazing," she said.

"Did he mean a lot to you?" I asked.

"We were going to get married," she said. "But he got cold feet at the last moment and walked out on me, and when I saw you I thought..."

"I'm sorry I'm not the man you thought," I said.

"Yes, I'm sorry," she said.

"Well, have a nice Xmas," I said, and

Mary Millington was a highly sex-charged lady who broke all the rules of life and all the barriers of sexual taboos. This is her true story in words and pictures. We censor nothing, publishing explicit words and pictures from the many blue films she acted in to the adults magazines she appeared in. She left a record of how she liked to live in her book and in her films, all bawdy, sexy and funny.

turned ot go, thinking that at least I had spoken to the girl of my dreams, and that was something.

"No, stop," she said. "I suppose you are going to parties and things over Xmas."

It was Xmas Eve, just a few short hours to go before Xmas day. I shook my head. "I'll be on my own," I told her.

"So will I." she said.

"Nonsense," I retorted. "A good looking girl like you on her own?"

"My parents are away," she said. "I never really got over that man standing me up."

I just stood there, not knowing what to say, for I didn't want to spoil that moment, wanted to hear her speak, wanted to keep her next to me as long as possible.

"Tell you what," she said. "Come back with me. You remind me of him so very much, and I am lonely, and you are on your own. Come on."

And that is how I came to be walking from the store with that beautiful woman that Xmas Eve, and we went to her car, which was a beautiful Roller, and she drove, and we went out of town, a long way out, till we came to this country house.

"The servants are all away," she said, as we walked into the huge house.

I could not believe that this was happening to me. I really couldn't, and she must have know what I was thinking, for she just smiled, held m hand and showed me round the house.

Later we sat in the lounge in front of this huge log fire, and we talked, and it became more and more obvious that me looking like her long lost lover had really affected her, because obviously she was lonely.

Well, we sat and talked, and neither of us noticed that time was getting on, and then all of a sudden she looked at the clock on the wall and she clapped her hands and stood up and said: "Happy Xmas. It is now midnight, it is Xmas day."

Without really thinking about it, I moved close and pulled her to me and kissed her gently on the lips, and she sort of shivered for a moment, and then she moved back, and then said: "You kiss like he used to."

"I'll go if it makes you sad." I said.

"No, Xmas should be a happy day," she replied. "Look I am alone, you are lonely, so let us be happy. Stay here a second, I have something in my room which will cheer us both up."

I stood there in front of the blazing fire and thought that no matter what happened next, I would always remember this particular Xmas day, for a fantasy was being played out here. She was using me as her long lost lover, using me to try and call back some of the happiness she had had with him, and I was living out a fantasy.

"Here I am," she said, and I turned, and my eyes almost popped out of my head, for she was wearing a Santa outfit, one made for a woman, cut low in front, a small hood, a deep red short skirt.

She came over to me, and then poured a couple of drinks, and we toasted each other, and then she looked at me again. "When I was with that man," she said, we always fucked on Xmas day."

I didn't say anything, for I could hardly speak, I was anxious to hear what she was going to say next.

'Let's fuck," was what she said.

We went up to one of the many bedrooms in the huge house, and again I realised tha she was just using me, but I didn't mind that, didn't mind it all as long on this particular Xmas day my sexual dreams came true.

We stood in that huge bedroom, and she smiled, and then she undressed, took off that Santa outfit and then smiled again, just stood there facing me, allowing me to look at her naked body.

As I said right at the start, when I had seen her in that store I had stopped dead in my tracks for she was my dream woman, and seeing her naked like that made me go weak.

Her body was perfect, and her breasts were full and firm, with stiff pink nipples, and she smiled again as I looked downwards, and I saw that her pussy lips were really pouting, and that gave me an erection on the spot.

"Let us both live out our Xmas day fantasies with each other," she said. "I will pretend you are my long lost lover, and you can pretend anything you like."

"Just for Xmas day," I asked.

That upper class girl of my dreams smiled and then nodded. "Yes, an Xmas Fantasy for the both of us," she whispered in her sexy voice.

"Yes, let's go for it," I said.

I will never forget the rest of that Xmas day for as long as I live, we both lived out our derams, and my dream girl turned out to be amazing in bed.

I soon undressed, and she looked me up and down, and she must have liked what she saw, for when we got onto the bed, the first thing she did was lean all the way over and then plant this huge kiss on the head of my cock, which of course, made my penis shudder and throb like hell.

"Hmmm, you taste good," she said.

I didn't say anything, for I was speechless, this was something that I had never expected. She smiled again. "I think I will suck you off all the way," she said. "That would be a nice start to Xmas day, don't you think."

"A first class way of starting," I said.

Yes, it was an Xmas fantasy come true for me, for I had always dreamed about a woman like this sucking me off on Xmas day.

I was now flat on my back, and she went down on me, went down all the way, her naked body gleaming in the light.

Then the tip of her darting tongue started to move slowly up and down my shaft, adn she was really good, and I do mean good, she didn't hurry, but she didn't go too slow, she did it just right.

Soon my entire shaft was coated with saliva, and the taste of my cock was getting her really worked up, for while she was using her tongue on my cock, she was sort of half twisted towards me, and I had a first class view of her pussy, and as she continued to work her tongue all over my shaft, so her pussy lips pouted out even more,and it wasn't long before I saw large drops fo pussy juice clinging to her fleshy vaginal lips, and then the scent hit me, and turned me on a great deal.

Her tongue was now working all over my balls, and my cock was harder than it had been for a very long time. Well, it was no wonder that my cock was hard like that, for not only was she good at what she was doing, but this was my dream coming true, a rich upper class and very beautiful woman sucking me off.

Her tongue finished with my balls, and she moved up a little, and then she slowly drew the head of my cock all the way into her mouth, and as she did so, my cock throbbed like hell, and at the same moment, her cunt lips gaped open even wider and a thick stream of pussy juice flowed out and soaked into the sheets.

Well, looking at her pussy while she sucked my cock was fine, but I was sure there was something else that I could do, and so, after a minute or so I reached out with my right hand and slowly eased three of my fingers all the way into her pussy, and you know, as my fingers went in, she climaxed, climaxed so much and so hard that she just had to let my cock slip from my mouth so that she could shout out loud and long with the sheer pleasure of it all.

Again she drew the head of my cock into her mouth and then sucked gently, and at the same time she flicked with her tongue, used her fingers on my bals, and by this time I had my fingers all the way up inside her pussy, and her juices were bubbling round my fingers.

She sucked just a little harder after that, her cheeks blowing in and out, and I waggled my fingers about inside her pussy, and her juices flowed out all over my hand, and the scent of her juices seemed to fill the room.

Her head bobbed up and down, and she sucked harder and faster, and I finger fucked her harder and faster, and she had more orgasms, many more orgasms, but this time she just kept on sucking.

I pulled my fingers from her tight wet hole, and then sucked them dry in my mouth, and the taste was sheer heaven, the best tasting pussy juices that I have ever had inside my mouth.

My cock started to throb and jerk and then I gave a loud cry of delight as I came, and she had another climax as my spunk started to flow and gush into her mouth.

She took the first hot thick wave of my spunk into her mouth and then pulled my cock out, and while she was drinking and swallowing down the first flood of my sperm, she held my cock close to her face and then pulled at my shaft and balls with her fingers.

The end result of this was that the rest of my hot spunk showered out all over her face.

Now seeing your spunk on a woman's face is every man's dream, right?

Well, she had a beautiful face, and I was shooting out lots and lots of hot spunk, and it was flooding over her right cheek and over her mouth and chin, and her eyes were wide with delight while this was going on, and the more spunk that came out the bigger and better her orgasms became.

I stopped coming, she took my cock back into her mouth and sucked again, managed to get a few more drops from me, and then she sat up, and smiled, and said she loved spunk.

That last remark of hers was even more reinforced when she lifted her right hand to her face, and then she used the tips of her fingers to wipe up a huge dollop of my sperm from her cheek, and then, before I really knew what was happening, that dream girl of mine, was pushing her fingers into her mouth and sucking the spunk from them, and having orgasms as she did so.

Later, after a shower, we went into the lounge again, and she placed some logs on the fire, and the flames flickered, and she and I, stark naked, lay flat out in front of the fire.

Yes, a fantasy turned into reality.

Her body was beautiful, and the light from the blazing fire showed that body of hers in all its perfection.

"I think I would like to sit on your face," she said.

"I think that would be a lovely idea," I told her.

She smiled. When I was flat on my back she slowly moved up and then a few seconds later she was crouching over my face.

I looked up at that pussy of hers and sighed with wonder and delight, it really was the very best cunt that I'd seen for a very long time.

She reached down, the fingers of her right hand playing with her pussy lips, and then she was spreading her pussy wide with her lng fingers, and I was gazing up into her pussy. Yes, this was an Xmas gift to beat all Xmas gifts.

I could see all the way up into her love nest, could see the lovely red walls, the thick bubbling creamy juices.

She was still using her fingers on herself, and this meant she was getting more and more worked up. So much so that she was soaking wet now inside her pussy.

As she used her fingers, so large drops of her pussy juice started to drip down onto my face, like the gentle patter of rain, but this wasn't rain, this was hot pussy cream, and slowly the drops increased and more came down, and she was working herself up to an orgasm with those fingers of hers, and then she did climax, and as she did so, the juices flowed down in a thick and steady stream, spreading all over my face, and I opened my mouth then and the juices flowed down from her cunt and went into my mouth and they tasted lovely. Yes, this was an Xmas I would always remember.

She wanked, and she climaxed, and she showered down hot juice into my mouth and all over my face, and then with a sob of pleasure, she slipped her fingers from her cunt, and after licking them dry inside her mouth, she sat all the way down on my face.

Her lips were hot and soft and sticky, and they covered my mouth and lips, and I poked my tongue up into her sweet we hole, and that was what she had been waiting for, for as soon as my tongue

started to flick about inside her cunt, so she climaxed, and even more cream gurgled down my throat.

It was lovely, really lovely, she writhed about as I sucked ans slurped away inside her cunt, and then she was screaming with all her might as a multiple orgasm went all the way through her.

Yes, there in the lounge of that rich girl's house, in front of the log fire, she sat on my face and I sucked her out.

I had been lonely, she had been thinking about her long lost lover, and fate had thrown us together for that one Xmas day.

She writhed and I slurped, and then she rolled from me, lust written all over her face, and she smiled and said it had been wonderful.

We rolled about all over the carpet after that, and then I put my tongue to work on her lovely boobs, and while I was lapping and sucking at the nipples, I also reached down and slowly inserted three fingers all the way into her tight cunt, and she climaxed on the spot.

She had firm boobs, really large ones, and after a while I asked that dream girl, that rich girl, that sexy girl, if she ever sucked her own breasts.

She smiled: "I have never yet let a man see me do that to myself," she said. "But as it is Xmas, I think I will let you be the first."

With that she sat up on the carpet in front of the fire, and she obviously enjoyed very much indeed what she did next.

She placed both her hands under her right breast, then she slowly lifted it up, lifted up that firm full tit of hers so that the stiff nipple was as close to her face as she could get it.

I watched, my cock getting really hard, and she opened her mouth and then poked out her tongue, and then the tip of her tongue was lapping at her nipple.

It really was the first time that I had ever seen a woman do that, and it really turne me on, and then she took her nipple all the way into her mouth, deep in, and started to suck, and my cock throbbed, and she climaxed, and I glanced down and saw tha once again her pussy lips were wide apart and she was spurting hot pussy cream out all over the place.

She sucked hard, and that's when I moved in, and started to suck at her other tit, and she climaxed again, and she sucked on her nipple, and I rolled her other nipple about inside my mouth, and then eased three of my fingers into her cunt and gave hera hard and fast finger fuck.

Yes, this really was a dream come true for me, a log fire, a naked woman, and there she was sucking her own tit, I was sucking her other boob and at the same time managing to flash my fingers in and out of her creamy pussy hole.

We stayed like that for a long time, and then I let her nipple slip from my mouth, and she opened her mouth and her other tit bounced and jiggled back into place, and I slowly removed my fingers from her cunt, and she rolled down, rolled round, and quick as anything she had the tips of my fingers inside her mouth and she was climaxing all over again as she sucked her own thick drops of pussy cream from my fingers.

Well, we were both as hot as hell, and we just had to fuck. She smiled when I suggested get on top. And so, when I was again flat on my back, with my cock stiff and throbbing and hard as hell, she crouched over me, and this time her juices flowed down from her wet pussy and went all over my cock.

Then she was coming down, coming down all the way, the flames flickering making shadows on her naked flesh, her pussy lips pouting, the juices bubbling,, and a look of pleasure in her eyes.

I gasped with delight when her pussy lips came into contact with my cock, and then gasped again as she went down some more, and the juices flowed, and the lips opened, and then my glans was inside her.

She shouted and climaxed, and went down some more, right the way down till she was sitting in my lap, and now my cock was all the way up inside her, right the way up inside her and it was wonderful.

Her pussy was tight, tight and wet, and very hot, and the walls were pressing against my cock, and those walls were tight and ribbed, and she smiled down at me, her firm full breasts heaving up and down with the pleasure of it all.

"How do you like being inside my pussy?" she asked.

"It is the best Xmas gift of all time," I said.

She smiled again, and then started to move slowly up and down on my cock, so slowly that it appeared she was hardly moving.

Up and down she went till only my glans was inside her cunt, and the throbbing from my glans was obviously giving her what she wanted.

Then down again, down just as slowly, till again she was sitting in my lap, and I reached up with both my hands and used my fingers on those wonderful tits and nipples of hers, pulled at the boobs, played with the nipples, and all the while her juices flowed and bubbled and gushed round my hard throbbing penis.

And there, in the light from the log fire, she climaxed many times over as she worked her pussy up and down on my penis.

Up an down she went, going faster and faster all the time, the walls of her pussy rasping and rubbing against my hard tool, my hands on her tits, and her shouts of pleasure echoing round the room.

She was now going and down so very fast on my cock that it was a wonder she was able to keep her balance.

My glans was harder than it had ever been, and having my cock so far up into her pussy was sheer delight, and this was an amazing Xmas gift, one that I would always remember.

The fuck was fast and furious, and I was amazed that I was able to last as long as I did, but as they say, all good things must come to an end, and after about ten minutes, she thrust up and down really hard and my cock exploded inside her.

As my spunk jetted up into her hole, she threw back her head and screamed longer and louder than she had done previously, as a really massive series of hard intense climaxes went through her.

I was more than pleased with the amount of spunk that I was shooting up into her cunt, and she was now sitting my lap, just sitting there, rippling her cunt walls up and down my shaft to make sure she was getting every last drop that I had to offer.

She sat there on my cock for a while, sat there till I started to go limp, and then she rolled from me, and she smiled at when she gazed at my cock.

Then she did something that I will always remember, something that no woman had ever done with me before, for she leaned over, and then she took my wet and sticky cock into her mouth and sucked it clean and dry.

Yes, my limp cock, my cock that had just been inside her pussy, my cock which was still coated with her juices and odd drops of sperm, went into her mouth, all the way in, and she gave it a really good sucking, and she must have loved the taste, for before she let it slip from her mouth she had a huge orgasm.

She was a lovely sight as she stretched out in front of the fire, for her tits were still heaving up and down and her legs were wide apart, and from her pussy was dribbling my sperm.

Yes, I had just fucked her, my spunk was still inside her pussy, and yet there she was, easing a few of her fingers into her love nest.

She pushed her finges as far into herself as they would go and then started to waggle them about, that was a fantastic sight, and that woman was still so randy that as she moved her fingers about inside herself she climaxed again.

It wasn't long before she was wanking flat out, wasn't long before those finges were really flashing in and out of her quim, and the juices and spunk started to spray out all over the carpet.

It was an amazing sight, one that will live in my memory for a very long time to come, but then, when she had had enough, she did something which was so kinky that I could hardly believe it myself.

She slowly eased her fingers from her pussy, and of course, those fingers of hers were coated with spunk, and I thought she would wipe them dry on the carpet or something.

But she didn't, what she did however, was take those fingers into her mouth and suck at them. Yes, if you think about it, I feel you will agree with me that it was the kinkiest thing ever.

Spunk inside her pussy, and she had jsut wanked herself off, and now she had taken her sticky fingers all the way into her mouth and was sucking away like mad.

Well, I thought that Xmas would be a lonely time, but that one chance in a million came along for me, that one chance in a million that does crop up from time to time, and I really hit the jackpot with that sexy woman.

Yes, that was an Xmas that I will never forget.

# THE STRIPPER

***The men cheered and clapped as the black haired girl on the small stage slowly eased the waistband of her very brief panties down over her hips.***

***"She's got a mole right in the vee of her thighs," remarked Ted.***

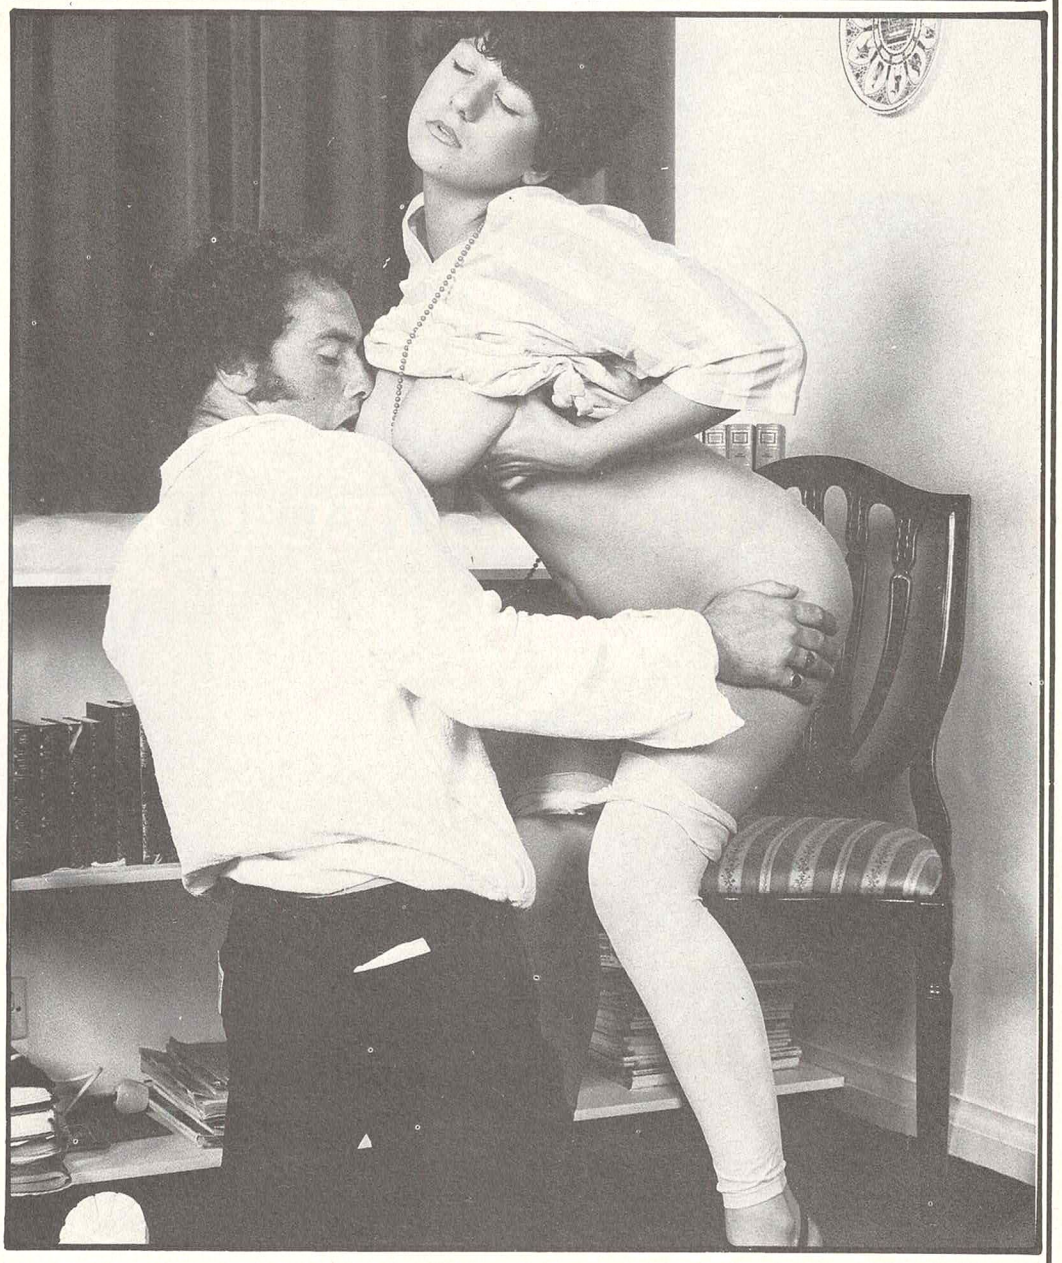
***"How do you know?" grunted his friend, "she hasn't got that far yet, and she hasn't appeared around here before."***

***"Just wait and see," grinned Ted.***

***Of course he was right, he knew he was right, Christ he knew the great Elvira when she was plain Alice from Bradford! He remembered the time he'd had a close up of that mole, and just as he was kissing it his wife had walked in. Oh yes, he remembered Elvira alright, his wife had divorced him, Elvira or Alice as he knew her, had left town to seek her fame and fortune elsewhere.***

***For a few seconds the black haired beauty showed her genital charms to the cheering audience, waved her hand and the lights blacked out.***

***"Some gal," breathed Ted's friend. "Let's go to the bar, and I'll tell you over a couple of pints, and maybe later I will introduce you to Alice... sorry, Elvira."***



It was one of those miserable drizzly days when Ted first met Alice. She was standing behind the bar resting her beautifully formed tits on the bar top. Her jumper was cut into a low vee, and as he leaned forward to order his drink, he saw the swelling mounds.

"Want a photograph, luv?"

"Love one darling," he grinned. "Do you model for sex magazines on the side?"

"Cheeky!" she grinned, and bent down to get the bottle of brown from the bottom shelf. He peered over, watching her shrot skirt get shorter still until he could see the lower part of her bottom. He scratched his cock thoughtfully, it had been a long time since he'd had a good jump Jill, his missus, wasn't all that keen on screwing, always making some sort of excuse to keep his cock out of her hole. The bar maid poured his drink and leaned back on the bar with an amused smile as Ted gazed down at her firm tits.

"What does your mother call you?" he asked, trying to imagine what her nipples looked like. It was alright having a low vee, but her bra got in the way.

"Alice most of the time, but I like the name Elvira! What's your name, I don't remember seeing you in here before?"

"I don't use city pubs much Alice. I'm Ted, Ted Jowett from Bingley."

"Ted Jowett," she repeated thoughtfully. "A friend of mine married a Ted Jowett, and she

**3. PLAYBIRDS CONTINENTAL** – printed on better paper than any other monthly publication. This colour magazine contains stories and pictures. Its very strong, but it will appeal to the real voyeur as the printing and photography brings out every intimate detail. **Coverprice £2 (Subscription £23)**

These two magazines are BOTH all colour and they are the hardest material legally available in the UK – anything and EVERYTHING goes in them except two subjects which we all think wrong (i.e. Kiddi material and animal material) – HOWEVER with these two exceptions all types of group and two girl sex is covered in explicit full page close ups. Remember BOTH magazines are FULL COLOUR THROUGHOUT, printed on high quality art paper. SCREW – just £3·95; SWEDISH ALL COLOUR PRIVATE £3·95 – both just £6 from your local Adult Shop (list below) or mail order.

lives in Bingley now. You must be the guy. Jill?"

"Yeah, that's my wife's name. What a small world it is."

They chatted on, Ted bought Alice a drink, and discovered that his wife and Alice had been to school together, and for some time had been great friends.

"I saw you get married," said Alice, "but didn't go to the wedding. You see Jill and I had an argument a long time ago, over a fella, I suppose I shouldn't tell you..."

"Of course you should," smiled Ted.

"Jimmy was this fella's name, Jill had been going out with him, then he asked me for a date. After the date he didn't go with Jill again. He told me she was sexless! I'm not sexless."

"I'll bet you're not!" thought Ted, peering down at her tits again.

"Frankly I was surprised when I heard Jill was courting," she finished.

An that was how Ted met Alice for the first time. After that he became a regular in the pub.

Alice liked Ted on sight, she felt an animal attraction towards him and she knew all about Jill!

"He'll be lucky if he fucks her once a week!" she thought.

She was over stating things, Ted was lucky if he had sex with his wife once a month.

He had been using the pub for about a month before he asked her for a date. She thought it over for a time, she knew damn well what he wanted to go out with her for, she could see the light in his eyes when he gazed down at her, and the way his eyes fastened on herlegs whenever he had the chance! If she went out with him, it would be sex, pure unbridled sex. She'd tried to draw the line at married men, they spelt trouble all the way, but she was attracted to the man, and from what Ted had said about Jill, there wasn't much real love between them, and anyway, she couldn't imagine Jill loving anyone, she was too involved with herself.

"I don't work Tuesday's and Thursdays," she said.

"Then we will go out Tuesdays and Thursdays," she said.
"I have a car, we'll go where ever you want."

They went over to Halifax, away from any area where Ted might be spotted. It was a warm evening so they left the pub early and took the long way back to Bradford, over the moor. He found a secluded spot and parked.

"I suppose this is where it all begins?" asked Alice, quietly.

He put his arm around her shoulder and drew her towards him.

"You are a desirable woman, Alice," he murmured. "There would be something wrong with me if I didn't try it on."

He kissed her warmly and her lips parted. His grip tightened on her, and when they broke apart his cock was straining at the front of his pants. She looked down at the bulge, a trace of amusement on her face. "It doesn't take you long, does it?" she observed.

Ted felt a bit daft, and tried to adjust his pants to hide the embarrassing bulge of his cock.

"I said you were desirable," he muttered.

She squeezed his knee and smiled up at him before snuggling against his shoulder. "I don't usually go out with married men," she murmured. "Tell me truthfully Ted, what are things like between you and Jill?"

He ran his fingers gently over the top of one of her full tits.

"We have a sort of truce Alice, I don't touch her sexually, and she cooks my meals. If we make love once a month I'm doing well."

"No wonder you shot to attention when you kissed me!" she smiled. "Kiss me again."

This time when their lips met her hand went into his lap, grasping his hard cock. He slipped his hands down the front of her bra and caressed her tits, kissing her harder when he felt the stiff nub.

"Let's get out," he grunted. "There's no room in a mini!"

They left the car, clambered over a wall and lay down on a patch of turf. She came to him eagerly, as they kissed his hand went up her skirt, his fingers smoothly rubbing her gusset, feeling her cunt lips part. As he pulled her knickers down he smelt her lust.

"Alice, I've got to have you!" he muttered, fumbling his stiff cock from his pants.

She opened her legs, gasping when he pushed deep into her. He was hard and long, he was eager, as eager as she was. Her legs curled around his, her bottom rose up from the turf, her hands tightened on his back.

"Mmmmmmmm," she muttered as he ploughed lustfully into her. "Fuck me Ted."

"I am my darling," he panted, feeling his cock swell up bigger at her words. "Your cunt darling, it's so.. so hot."

He kissed her open mouth passionately as they squirmed together, and she squeezed his cock inside her, using her muscles as he started to come, extracting every last drop from the spurting end. When he had finished she releaxed her hold on him.

"Did... did it happen to you?" he muttered as his cock slid from her body.

"It was lovely Ted," she murmured. "It happened to me the moment you went inside me."

It was a little white lie, she had almost reached an orgasm, but Ted had been too quick. She didn't blame him, he had been going without sex, he was bound to come quickly.

He lay by her side, his hand on her groin, gently revolving the palm until her hips moved lazily. She reached for his cock and fondled it until it was stiff again.

"This time it will be even better," she whispered, as once again he slid between her legs.

He played with her full tits while he fucked her slowly, pacing himself with her steadily rising passion. Her sharp teeth sank into his neck as she gave a sharp whimper, her body rose up, her loins pasting against his.

"Aaaah!" she moaned. "Spunk up me darling."

He shuddered as his lust spurted from his cock, he was buried deep, he could feel her clutching and releasing his stem. He'd never had a fuck like this, not even when he was first married to Jill!

On the way back to Bradford, she curled in close to him, her arm through his.

it was two months before they had the chance to get the comfort and warmth of a bed. Jill joined an Olde Tyme dancing class, and started to go every Tuesday. Alice was reluctant to go home with him.

"The neighbours," she said, "they'll see us going in and tell Jill."

He had to agree it was a bloody risk, but one very wet Tuesday, they decided to take that risk. They had been in the parked car for an hour, caressing and fondling each other to a high state of passion.

"I can't stand this," gasped Ted, his cock as stiff as it had ever been. "I've got to fuck you Alice, and we can't do it in here!"

"I know love," panted Alice, squirming her cunt on his fingers. "But what can we do? I... I'll play with you until you come if you like."

"To hell with that," he growled. "We're going to my place. Jill won't be home until after eleven, she's taking a bronze medal or something tonight."

So Alice, in her very passionate state, agreed.

He parked the mini a hundred years down the avenue, and they walked to the house. He felt like a burglar as he crept up the garden path and as silently as possible opened the front door. The creak sounded loud!

"I'll oil that blasted door one of these days," he muttered.

They climbed the stairs in darkness, and into the spare bedroom. He drew the curtains and switched on the light. An eiderdown covered the otherwise bare bed.

"I'll get a blanket," he murmured.

When he returned to the bedroom Alice had taken off her jumper and skirt, and was in her underwear. This was the first time he had actually seen her half undressed, and his hands trembled as he unclipped her bra, and fondled her tits. The nipples were like hard cherries, and she leaned against him as he played with them.

"Are you sure no one saw us?" she whispered, shivering as he slide on hand down her back and began to pull down her briefs.

"No one saw us Alice, and if they did I don't give a damn!"

He stripped her and she got under the blanket and eiderdown, snuggling down, watching Ted as he got undressed. His body was firm and strong, and his cock stood proudly from his hairy thighs. He got in beside her and they clung passionately to each other, his cock prodding between her thighs. He kissed her bare breasts, sucking at each nipple, while she gently massaged the long thick, stem. He was stiff, very stiff, and the moisture clung stickily to her roving fingertips. He pushed back the blanket and eiderdown, baring her body. Slowly his lips travelled down, over her belly button, his tongue licking into the indentation, making her moan with pleasure. Further down her went until his lips were brushing over her pubic hair. His heart beat wildly in his chest, would she stop the most intimate kiss of all, as Jill had done so many times? She didn't, his hand eased her thighs further apart, and he saw a small red mole high up in the vee. He kissed it, his tongue licking over. Alice put her hands down and gripped his head, gasping as he roamed his face over her most privat part. Her cunt lips squelched open as he pressed his mouth against them, her moisture trickling out, wetting his face. In went his tongue, delving into the sleeve.

"Oh Ted!" she cried, raising her buttocks up from the bed. "Suck me, I'm coming!"

Her thighs clamped his head,

he could not escape, but he didn't want to escape her lustful clutch. He ate at her greedily, giving her a succession of ecstatic orgasms, and when her grip relaxed he ent up her body and sank his hard cock deeply into her gasping slit. She held him fiercely as he rammed hard and fast, and when he spunked she kissed him hard on the mouth, tasting her own sex on his lips.

For a few weeks they were careful when they went into Ted's house, creeping up the path, sometimes using the back door, sometimes using the front door, and a couple of times, going in separately, but of course, they got careless being reluctant to leave each other's arms, and once or twice they were very near to being caught out.

Then they were!

It had been a very passionate evening, both of them making love frantically. Alice had learned to fellate her lover, and did it as often as possible. They were in the 69 position, Ted's cock was firmly gripped in Alice's mouth, her hands fondling his balls. Ted was kissing the little mole he had come to adore. He knew that when his lips brushed over that mole Alice was soon transported into ecstasy. They had completely forgotten that time passes swiftly when you are enjoying yourself!

The bedroom door opened and Jill looked down in horror at the passionate pair. Her scream must have been heard four avenues away!

"... and that is the way it happened," said Ted, drowning his third pint of the story. "Alice grabbed her clothes and left, Jill ranted and swore, threw me out of the house and divorced me as soon as she could. That was five years ago. I moved down here to Nottingham, and I haven't seen any of them since... until I saw Alice... or Elvira, tonight."

"You mean to tell me that you never screwed Alice again?"

"Nope, she wouldn't have anything to do with me either, which I thought was rotten. I did love her you know, I would have liked to marry her. I heard that Alice had gone to London to do some modelling, as you saw, she has a nice body. Jill, wll I don't know what happened to her, I never paid any maintenance! There is Alice, over thre, dressed to last!"

His friend looked across, she was certainly some dish.

"You want an introduction?" grinned Ted.

His friend shook his head. "No, Ted, you go across and speak to her, maybe some other time."

Alice saw him coming, and her heart fluttered. Even though she had kept out of his way, she still had a soft spot for him.

"Hell," he murmured. "It's been a long time... Elvira."

She gave a small smile. "Hello, Ted, it has been a long time. How have you been keeping?"

They made the usual remarks for some time. Most of the guys in the club seemed to be wathcing them.

"Look," said Ted, "how's about leaving here, you've finished your show, let's go somewhere else, where we can talk."

They went to the hotel bar where Alice was staying.

"I want you to get this straight Ted," she said, when they were seated at a table. "What happened give years ago is finished. I guess I should have stood by you when Jill threw you out, I was as much to blame as anybody. But that is done."

"You have a sleeping partner then?" asked Ted, drily.

She paused before replying. "Yes, I do have a sleeping partner."

"Don't worry darling, I won't get in the way, but I would have liked to have fucked you again. You were very sexy on that stage tonight, and when I saw that little red mole on your thigh my cock stood to attention. I remembered how much you liked me to kiss it, while you had my cock in your mouth."

He touched her arm and she shivered, the old longing returning between her shapely legs. She hadn't had a man since the last time she had been to bed with Ted, all of five years ago.

"How about it, Alice, for old time's sake, your... bed partner needn't find out, I can book a room somewhere for a couple of hours."

"No need for that," she murmured. "My... my partner won't be back for some time yet, a business meeting."

She rose and the couple left the bar. Ted couldn't believe his luck, it hd been so easy! As for Alice, she couldn't believe what she was doing, she thought she was done with men now, but Ted had brought back all the old yearnings.

They got undressed and into the bed, clinging passionately to each other. "I'm going to fuck you Alice," he grunted, sliding up between her open legs, "then I'm going to kiss that little red mole, just how you like it."

"Aaaaaaah!" she moaned as she fet his hot thick cock fill her hole. "That will be lovely."

They fucked in complete silence, just the sound of his slurping cock as it moved in and out of her sleeve. They orgasmed together, Alice's legs curling around Ted's spiring thighs. He found the mole and pressed his lips against it, his tongue licking. Alice closed her eyes in rapture, giving her body to the man, to do what he wished.

He kissed and licked her until she came again, then thrust his now hard tool into her cunt, and fucked swiftly until he had his second climax.

"You'd better go now," said Alice, moving rom the bed and going to the mirror to straighten her hair.

"Your bed partner due then?" he asked.

"Yes," he whispered.

"Why not give him the brush off?" said Ted, clambering into his pants. "Come and live with me, you enjoyed that, you always did enjoy the way I fuck. I'm good for you Alice, and you're good for me. Give him the old heave ho!"

"That will be difficult," said an icy voice from the doorway.

Ted's eyes jumped open. "Jill, for God's sake..."

His ex wife walked into the bedroom, a cynical smile on her face. Ted looked from one girl to the other, realisatin slowly dawning on him.

"You two.. you... live together?"

"Yes," said Jill, "we do. I thought this would happen one day, but never dreamt it would be with you." She crossed her legs as she sat down on the edge of the bed. "Now you know why I didn't enjoy having sex with you Ted, I am a lesbian. After I threw you out Alice came round to see me. We went to bed together, and it was then I knew what I wanted sexually... another woman. Obviously Alice isn't lesbian like me, she enjoys being fucked by a man. Don't worry Ted, I'm not going to cause a scene, just as long as Alice returns to my bed, I don't care what she does with ."

"I don't believe it," muttered Ted. "Women don't fuck each other."

"These two do, isn't that right Alice?"

"I'd better be moving," said Ted, putting his jacket on. "I guess I'm in the way here."

"Wait a moment Ted," exclaimed Jill, getting up from the bed. "I have a proposition to put to you. We need a man around, to put other men in their place. If I remember correctly, you were always able to look after yourself. I have just completed negotiations for Alice and I to appear on the Continent, doing a lesbian show. It would be better if we had a man along, a virile man like you, we could put on a real show then. You could screw Alice as much as you wanted."

"You mean fuck on stage, in a spot light? I couldn't do that."

Jill laughed, and lifted up the hem of her dress, showing her thighs and stockings. "Oh, yes you could Ted, after watching Alice and I make love. We'd have a little play, two girls making love, a man walks in and catches them, then joins in.. in your case you would fuck Alice, while I played around with her. What do you think? We could earn a lot of money. I know a small clubin London where we could work on the act."

Ted flopped down into a chair, he couldn't believe his ears. This was his ex-wife talking, a woman who had seemed sexless, and yet she was suggesting a sex performance, him included!

"I need time to think this over," he muttered.

"Come back tomorrow afternoon Ted, we are staying here another two days."

He'd made up his mind by noon. He'd nothing to lose, and he fancied making a living out of sex, he couldn't think of a better way to earn some money! The girls were in the same hotel bedroom, naked on the bed, in the 69 position. It had been worked of course, Jill wanted it that way. He stood and watched them for a few moments, then undressed, his cock like the branch of a tree. He dropped between Alice's open legs and fucked straight into her.

"Perfect," breathed Jill, bending over and rubbing her tits over the panting Alice's face. "We'll make our fortune!"

They didn't make their fortunes, but they certainly made a lot of money. The act built up into bizarre proportions. Alice and Ted would tie Jill and 'force' her to have sex with Alice, then Ted would on occasions fuck the screaming Jill. It all went down very well on the Continent.

In the end they set up house together, Ted going back to his old job, the girls working as any other working girl would work.

Things worked out pretty well, Ted slept with the girls in a huge specially made bed, screwing Alice once a night, then leaving Jill to have her for the rest of the night.

Not everyone's idea of perfect sxual bliss, but it worked for them.

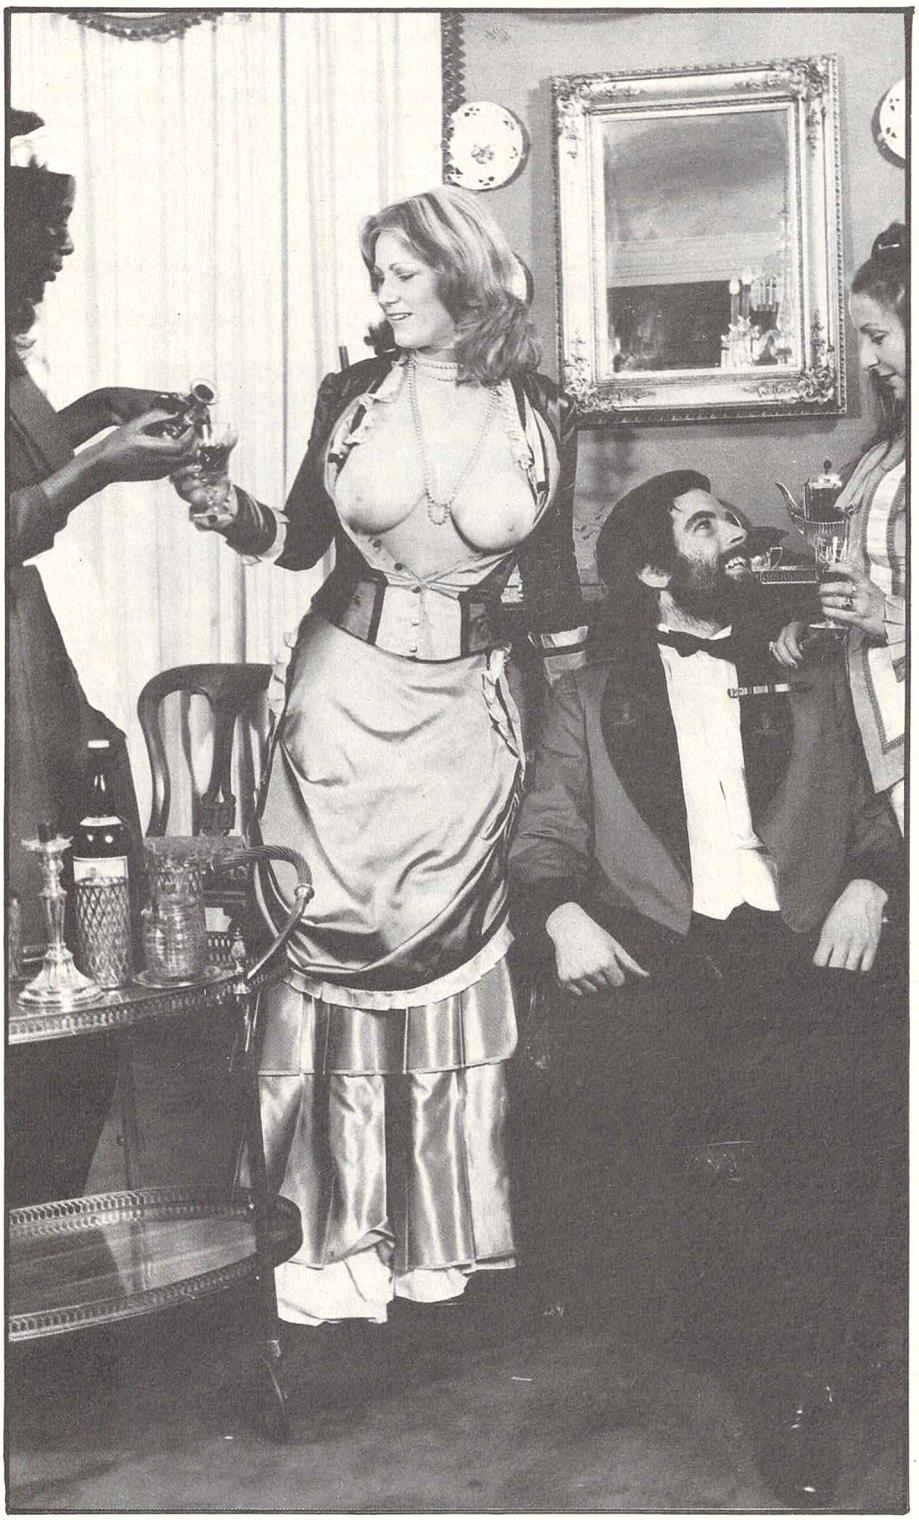
# The Love Scratch



***For thousands of years, men and women have been searching for the perfect aphrodisiac, usually something that can be drunk or eaten. One can take pills to improve the libido, or have injections to prolong a waning sex drive, but in our story, the Victorian researcher comes across something far more potent... and dangerous.***

Baron Turpin looked at the clear liquid in the bottle, and smiled. At last he had made the discovery of the century, the thick liquid would make him the master, every girl would do his bidding, a small injection would be enough. He knew that it would work, he had seen the reaction of the monkey he had tried it on. The way it acted towards its mate, a lustful wanton display of sex. He glanced across at his pretty assistant, Lucy. She had spurned his amorous advances for months, much preferrng the young doctor who worked in the clinic. If he could persuade her to have the injection... all in the cause of science of course, and he wouldn't telll her what it was for!

As he looked at her, his dick thickened. She was so beautiful, her white uniform fitting her to perfection, and gentle sway of her buttocks when she walked, her firm breasts, thrusting against the bib of her apron. Her black hair piled high on her head. How he would love to unfasten the pins, letting her hair drop to her shoulders, kiss those ruby lips, feeling them get warm on his, unfasten the bib, then unbutton the front of her dress, freeing her firm breasts, then kissing each nipple in turn until she was moaning and writhing in his arms. He shifted uneasily, his dick fully erected under his white smock, and his hands trembled as he placed a bottle on the shelf.

He went across to Lucy, who was writing earnestly in a book.

"Do you think you could come back tonight, Lucy?" he asked. "I have an important experiment to conclude, and I want you to take notes."

Her face clouded. "Must it be tonight Baron, I did have an engagement?"

"With Doctor Ellis I suppose?" he snapped. "This is very important to me."

"Well, I suppose it will be alright," she murmured. "May I go and see Jeffery?"

"Yes," he muttered, "but please hurry back, there is work to be done." He watched her sway from the laboratory, his hand going to his stiff dick and rubbing it gently. He had to fuck her, come what may, he just had to.

Lucy met Jeffrey in the passage and told him.

"Tell the old buzzard to go to hell," said Jeffrey. "You don't have to work extra. This is my only free night this week, I had planned a supper at my rooms, then, well Lucy, you know what."

She knew, he would caress her and kiss her, hold her in his arms, his cock strong and hard. He would part her thighs and drink at her loving fountain, then come over her, driving his cock deep into her quim, rogering her into a blissful heaven.

"I don't trust Baron William Turpin," went on Jeffrey. "I've seen the way he looks at you, lust in his eyes."

She kissed him lightly on the cheek. "Don't worry darling, William knows there is no chance for him, that I love you. Anyway, he gives me the shivers." She laughed, her eyes teasing. "He is a most respected man in the clinic, sweetheart. His experiments have saved many lives."

He pulled her close to him. "Just watch him Lucy, he wants you, I know."

Lucy didn't tell him of the number of times she had fought his amorous advances off, or the time he had suddenly opened his smock and showed her his erect penis. She suppressed a shiver as she thought about it, it had been so huge and red, the dome shining, and he had drawn his hand up and down the thick shaft, smiling at her. She had stared at him, mesmerised, as his hand had moved faster, until his spunk had shot from the end, splashing the front of her uniform.

"You could have taken my spending, dear Lucy," he had muttered. "It was meant to enter your lovely wet quim."

She had raced from the laboratory and locked herself in the lavatory, trembling from head to foot as she had sat there, knees clamped together. Her dreams had been haunted that night, of the Baron and his cock, standing out from his groin, larger than t had been in real life.

"I will come to your rooms Jeffrey, after I have completed my notes with the Baron, then you can roger me!"

He ran his hands over the front of her uniform. "I will be waiting my darling, think about me."

"I will," she whispered, "and my quim will ache for you. Until later..."

She kissed him lightly and hurried back to the Baron. He was standing at the door staring at her.

"A clinic is not the place for such behaviour, Lucy. Doctor Ellis should have more sense that caress you so openly."

As she went past him his hand brushed over the front of her dress, against the vee of her thighs. She shuddered and went over tho the desk. She returned to the lab at seven thirty. The Baron was busy with his experiment. "Pass me that test tube Lucy."

The girl picked it up and walked across the room. Suddenly it seemed to disintegrate in her hand.

"Clumsy girl!" snapped Turpin, "now look what you have done."

She stared aghast at the broken tube, then at her fingers. Blood dripped from a scratch. Turpin stared at her thoughtfully, an idea coming into his lustful mind

"You'd better let me deal with that cut," he said, picking up a small piece of white lint. He picked the bottle from the shelf. Would it work just swabbed on?

Lucy held out her hand, palm uppermost. "It's nothing Baron, just a scratch"

"It could be poisoned. Here." He poured someof the liquid onto the pad, and placed it over the scratch. "Hold it pressed on for a few moments Lucy." He turned his back to her, his heart beating wildly. The liquid should enter her bloodstream, he would know within ten minutes if the potion was successful!

Lucy went back to her desk and sat down, looking at the notes the Baron had already written up. Suddenly she felt a warm glow go through her loins, the sort of feeling she got when with Jeffrey, his arms around her, his cock stiff against her flat belly, his hands on her breasts. She shifted uneasily on her chair. What on earth was the matter with her? She had emotions she was finding difficult to control. Her hand went down into her lap, pressing against the vee of her thighs, and she could feel the heat coming through her clothes. She looked up at Turpin. He was staring at her, his eyes unwavering. Suddenly he wasn't unattractive at all, he was a wonderful man, and he had a big cock! She pulled her dress up slowly until she could caress the inside of her thighs, just above her gartered stocking. The gusset of her knickers was already wet as she drw her fingers over it. Her mouth opened, words did not come out, she was filled with a longing she had never known before, her body was on fire, her breasts ached, adn her quim itched unbearably.

"Is something the matter Lucy?" asked Turpin, going across to her. She seemed to be in a daze as she stared at him. "Show me your cock!"

He smiled, it had worked, she was lustful, she needed him, at that moment she was his. He unfastened his smock, and slowly unbuttoned his britches. His dick hung thickly between his legs, and Lucy's eyes lit up when she saw it.

"So beautiful," she panted, pulling her dress up to her waist, her thighs apart. It uncoiled stiffly as she looked at her knickers. He could see the dampness in the gusset.

"Fuck me with it," she said simply, pulling aside the elastic of her knickers so that he could see the pink lips of her hairy quim.

His heart beat wildly, the liquid had surpassed his dreams, it had turned her into a wanton whore, anxious for his dick. He could see that it was more than want at that moment, she loved him, he could tell by her eyes. His clinical mind took over, how far would she go?

"Take off your knickers," he commanded.

She stood up and did as he bade, then sat down again, her dress bunched up around her waist. Her black stockings finished a few inches above her knees, and her white thighs were like alabaster. At the vee was a luxuriant growth of jet black hair, parted down the centre to reveal a long pink wet slit. At the top he could see the nub of her clitoris. She was already fully aroused, and her fingers played lightly over her chasm.

"You will abuse yourself," he said, softly, "while I watch you. Then dear Lucy, I will roger you, giving you my spending."

"Yes," she breathed, her finger creeping int her hole as she widened her legs, her eye fastened on Turpin's erection.

He sat in a chair facing her, his cock a rising tower of strength, clear liquid bubbling from the tip. Lucy stared at it, wetting her lips as she frigged herself shamelessly, her slim white hand pumping away swiftly at the open pouting lips of her quim. She moaned as the pleasure and heat increased. With her other hand she ripped away the bodice of her dress, finding an erect nipple, and massaging it briskly. Turpin leaned forward and gripped her wrist, making her jerk herself faster, her fingers slid and slithered in and out of her chasm as his strong hand gripped her wrist. "It's good Lucy, isn't it, looking at my dick at the same time knowing it will soon be going into you, stretching those lovely cunt lips apart."

"Yes," she gasped, doing herself faster and faster, her eyes wild. She was leaning forward, half crouched as she groaned and writhed. Her mind was a red haze, she could almost see herself prostrate on a bed, Turpin coming over her, his huge weapon in his hand, ready to plunge into her body. Jeffrey occupied no place in her deprived mind, only this man seated before her, gazing between her shaking thighs.

"You're rogering me," she panted. "I can feel your cock up me, rogering me. You want it, I know you want it, you've always wanted to fuck me."

"Tell me about it, Lucy," he whispered, scenting the lust from her body. "Tell me what I would do to you as you frig your pretty little quim. Tell me."

"You're doing me, yes, your cock is inside me, doing me. Ah, I can feel it, thick and big. Your hands on my breasts, squeezing them, kissing my nipples, your body moves faster... aaah, your cock is spending, I can feel the hot spunk coming out."

A strong sex odour filled the room, and Turpin knew she wasn't far away from a climax. He let go of her wrist, she was now frigging as hard as she could, she didn't need any help from him. She was staring at him, but not seeing him at all. Her eyes were wide open, and she rubbed between

her legs hard and fast.

"Roger me," she croaked. "Everyone wants to roger me, the men in the clinic, they get big hard cocks when they see me, they want to be up me, I know they do. Big cocks everywhere, in my cunty, in my mouth, all spending. Oh William, you are fucking me... ohhhhheeeehhhhh... fuck... fuck." Her body convulsed into a crouching ball, every muscle taut, then she jerked up, then crouched again, then and she went stiff for a few seconds. She was coming, a long orgasm, making her float around the room.

Even though his dick was aching to plunge into her running quim he had to wait and see her reactions. Would the aphrodisiac wear off immediately or would she still yearn to be rogered?

Lucy breathed deeply through her mouth, her legs stretched out in front of her, still wide apart, her quim oozing with moisture. Even though her position was lewd, she looked beautiful. Her black hair was in disarray, the front of her dress open, revealing one swollen breast, slightly bruised by her fingers, hanging from her brassiere. She gazed at Turpin.

"You didn't roger me," she said weakly. "Why didn't you roger me?"

"I didn't want to interrupt your delightful fantasy," he murmured. "But as you can see my dick is still capable of giving you more excitement."

She left her chair and dropped on her knees before him, her small hand grasping, but unable to go round, his erection. He decided to give her the final test.

"Put it in your mouth dear Lucy," he grunted. "Suck it until I spend in your lovely throat.

Her head bobbed down and his shaft vanished into her mouth. She gurgled slightly, then held his heavy balls as she sucked and gulped on his cock. They made a strange picture, Baron Turpin, sat in his chair, legs sprawling, his britches gaping, his cock buried deep into the bobbing black-haired girl at his feet. He gripped her head, pulling her down, his hips moving as he screwed into her mouth, his spending gathering, reading to burst. He thrust up his bottom until her lips were in his groin, pricking her with his hair, and the spunk jetted from him in convulsive bursts, until it trickled down her chin and neck. He was totally satisfied!

She fell back onto the floor, her eyes closed in sleep, she was exhausted. Carefully he pulled her knickers back on and straightened her dress before lifting her back into the chair. If just a dab of his liquid on a mere scratch was enough to make her behave the way she did, what would have happened had he injected her? Next time he woud find out, and he would have her in his bed, her legs apart, taking all his rampant dick could give to her.

After half an hour she opened her eye and gazed sleepily around the laboratory.

"I'm... I'm sorry Baron Turpin, but I seemed to have fallen asleep."

She felt very strange, the skin on her breasts felt tight, and her quim was wet and sore. She blinked her eyes, her mind in a daze.

"You may leave if you wish," smiled Turpin. "I haven't fully completed my experiment yet. Go to your Doctor Ellis."

"Thank you Baron," she murmured rising to her feet. She held onto the desk, a feeling of nausea sweeping over her. She looked at the Baron, and for a moment a picture flashed into her mind, of him seated in his chair, his britches undone, his thick hard cock jutting out, and her mouth going over it.

"Something the matter my dear?" he asked, as if concerned.

"No Baron, thank you, good night."

She got a hansom to Jeffrey's rooms, her mind very troubled. It must have been an insane dream she'd had. She seemed to remember sitting in her chair with her knickers off, and abusing herself while the Baron watched her. In the darkness of the hansom she reached under her dress and touched the vee of her thighs. She was very open and wet, and her clit felt sore when sh touched it. It was as if she had abused herself for a long time.

Jeffrey was waiting for her and took her in his arms, kissing her warmly on the lips, his hands stroking her warmly on the lips, his hands stroking her bottom. She seemed so preoccupied that he pulled away from her, and asked what the matter was.

She sank on the sofa. "I don't know darling, I feel so strange."

He kneeled in front of her, running his hands up her legs and onto her quim. He paused, rubbing over her thoughtfully. "You are open my darling, have you been thinking of me so much?"

She shook her head. "I... I fell asleep in th laboratory Jeffrey, and when I awoke I felt so odd. Don't press too hard darling, I'm very sore! I must have been dreaming, but it was if I had... had sucked the Baron. I can almost taste his cock now, all stiff and very hard, and his spending as it gushed down into my throat. Ah yes, I remember, I... I abused myself while he watched and encouraged me. Oh darling, it was an awful dream."

Jeffrey leaned over and kissed her eyelids. "This isn't a dream my love. Let's go to bed together, I will make you feel better."

He undressed her tenderly, kissing over her shoulders. When he saw her bare breasts he stared at the angry bruises. "You fell asleep?" he murmured.

"I must have done darling. Oh come and roger me gently, I feel empty inside."

He went over and slid smoothly into her. She stopped him from caressing her, her clit was so sore. Jeffrey could not keep his mind on what he was doing, those bruises couldn't be explained, nor her soreness, nor the easy smooth passage into her body.

She gripped him hard on his shoulders, her ankles locking behind his back. "Oh, Baron!" she cried. "Fuck me like everyone else wants to fuck me. Aaah, I can feel your cock ravishing my body. Spend my lover, as you did in my mouth... aaaaaaaah"

Jeffrey could feel her quim working spasmodically on his hard shaft. He speeded up until with a groan he spent into her trembling body.

He left her on the bed and stared down int the dark street below. She had called him Baron, something she had never done before. Something had happened in that laboratory while Lucy had been asleep. The cad had interfered with her person, and somehow had inflicted his personality onto her. He questioned Lucy carefully. She hadn't taken anything to drink, she had felt quite fit when she had gone to work. No, she could not explain why she fell asleep. She had cut her finger on a glass tube, and the Baron had kindly put some antiseptic on for her. Jeffrey shrugged, he could not understand it. Maybe she'd had a dream, and in her dream had played with herself, that would account for her sore quim and bruised breasts. But what had the Baron done during all this? Surely he would have seen her in her sexual frenzy?

The following day Jeffrey went to see an old friend of his father's. "I know the Baron Turpin very well," said the man, after listening in silence to what Jeffrey had to say. "He is dedicated to medical science, he is a brilliant man, but he has lost so many good assistants, due to his rather lustful activities! If your Lucy had drunk something I would be inclined to believe he had drugged her in some way. You say he dabbed something onto her finger when she scratched it?"

"Yes".

"I wonder..." murmured the old man. "Has he found the perfect aphrodisiac? Could, what he dabbed on Lucy's finger make her lose all sense of reason and propriety? It doesn't sound possible, but as I said, Turpin is a brilliant man, he could have stumbled on something. Try and get me a sample of the antiseptic he used on Lucy, if you can."

It proved easier than what Jeffrey anticipated. Lucy managed to get a few drops into a test tube.

They sat on the sofa together and gazed at the clear liquid. Lucy's heart beat faster as Jeffrey sniffed the contents, and made to put it to his lips.

"No," she whispered, "it could be poisonous. Cut my finger, and dab me with it, if it was that, we should know in a few moments."

"We will do it together," murmured Jeffrey.

He took a scalpel and gently nicked their fingers, then dabbed the liquid on the cuts.

Jeffrey was the first to respond. He felt his cock begin to itch, and his loins seemed to be bubbling. He looked at Lucy, his eyes filled with desire. He knew that soon he would lose control of himself. "Lucy," he whispered, "it is the liquid, I can feel it acting on me now."

She smiled at him, her lips glistening.

"I love you Jeffrey, I want you, my cunt aches to be fucked!"

They put their arms around each other, writhing and twisting, their hands seeking and searching. He unfastened her gown, almost tearing her brassiere away in his eagerness to bare her ripe breasts. She fell back on the sofa, hoisting up her gown to her thighs, her hand rubbing between them. Hurriedly he removed his jacket and britches

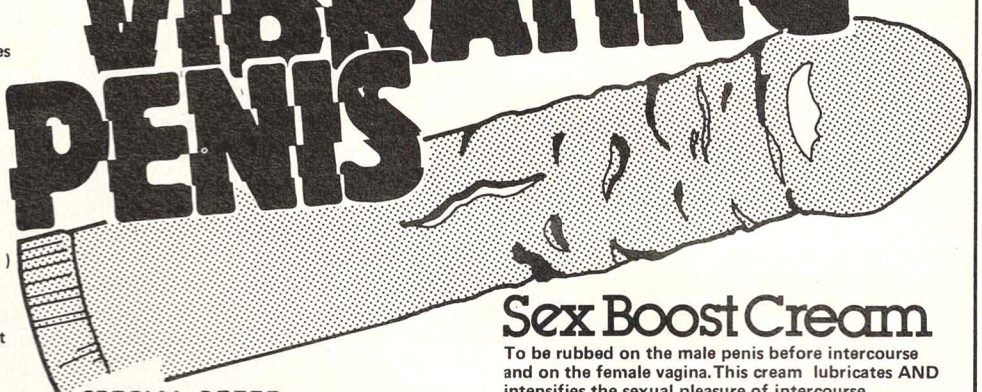
# VIBRATING PENIS



A viciously effective 'whip—hand ' stimulator ( available in black or white) as favoured by the ladies of the Brazilian aristocracy.
Its unique snake like action mercilessly activates the nerve ending of the vaginal orifice, nerves that are by-passed by the conventional vibrator ( which is active only at the tip).
This unique action also stimulates the lubrication duct and women who thought they knew themselves well, report a massive increase in fluid emission, after just a few moments alone with the vibrating penis.
It is contoured according to the penis of a donkey(which has more pleasure giving bumps and ridges than the human penis ) but is sensibly proportioned at 7½ inches long.
Until very recently the vibrating penis was a black market item selling at £10.00 or more, but we are able to offer this brand new concept in female stimulation at a more reasonable price of £3.99 POST FREE

AVAILABLE IN BLACK OR WHITE.

showing her his hard standing cock. She took a deep breath, holding out her arms to him.

"Don't make me abuse myself," she pantd, "fuck me till I can't stop coming."

He dragged her knickers down frenziedly, licking his lips when he saw her black forest. Never had it looked so beautiful and wanton. He sank between her hot thighs, his cock driving deep with the first plunge. She rose up to meet him, her hands clawing at his back, imploring him to hurt her, make her come, fill her with his spending.

He screwed into her for ten minutes, until with a loud cry, his spending shot out filling her with wonderment and delight. When it was over he crawled down her trembling body, inhaling the lustful perfume that came from her, and his tongue gently lapped over the pink swollen lips. Lucy moaned with delight as he kissed her so intimately, her thighs wide, her legs locking onto his back. He kissed and nibbled her quim into several orgasms before he mounted her again, his hands squeezing and pulling at both the hard nipples until she was crying out both from pain and delight.

For two hours they fucked and loved each other, until they fell asleep from exhaustion.

Jeffrey was the first to awaken. He stumbled to his feet and picked up the phial ofliquid. Baron Turpin had indeed made a great discovery, one that could earn him undying fame. The perfect aphrodisiac, it had to be perfect, normally Lucy would have spurned his touch, but under the liquid's control she became a wanton whore. He took a deep breath, wondering what to do. In the wrong hands it could cause untold harm as the Baron had already proved! He gently shook Lucy's bare shoulder. "Come my darling we have work to do."

Baron Turpin worked in his laboratory, wonder where his beautiful assistant was. He was anxious to inject her with his liquid, and get her to his home. He would take some as well, thus adding to their pleasure. He picked up the bottle and smiled at it. It was the elixir ofsex, it would make him all powerful, any woman he desired could be his, any woman in the world.

He opened the door and looked down the passage, Lucy wouldn't be coming now, it was early evening. He smiled when he saw one the nurses approaching. It was Lady Elizabeth, a young woman of noble birth who felt she had a calling in medicine. He called her name.

"Yes Baron," she smiled, "anything I cando for you?"

"You can help me, my lady. My assistant hasn't turned up, and I am half-way through a vital experiment."

He led her into his laboratory and seated her in a chair.

"I think I have a new healing compound," he murmured. "I place a drop of this liquid over an open wound, and it forms into a skin. I wondered if I could try some with you. It works on a male."

"But of course," smiled the innocent wench, holding out her hand for him to cut.

He made a small cut, then dabbed his lotion on, stepping back and watching her. Her eyes misted as she stared at him. "You are a wonderful man," she murmured.

He took his smock and unfastened his britches, showing her his engorged cock. "Is that what you want?" he asked. "You want me to roger you?"

She just smiled at him and unfastened the front of her uniform. He moved over to her and parted her legs, pushing up her skirt and thrusting his hand inside her knickers onto her quim. He paused, she was dry, no signs of arousal. Gently he frigged the slit up and dwon, but she still didn't dampen.

"I think that is enough Lady Elizabeth," said Jeffrey, coming into the room. The girl pushed the Baron away and got to her feet. "You came too soon Doctor, I was just beginning to enjoy his lustful caress."

The Baron got to his feet, his face flushed with anger.

"What the hell is this?" he snapped. "You have no right in my laboratory." Jeffrey smiled at him. "The game is up Baron, I have discovered your secret. The liquid you used on Lady Elizabeth's finger was quite harmless. The liquid you manufactured has been thrown away, along with the formulae!"

"A lifetime's work," hissed the Baron. "Do you realise what you have done?"'

And it didn't go any further. Baron Turpin left the clinic and went to Europe, where he continued with his experiments. He could not remember the formula, and he spent the rest of his life trying to get the exact ingredients, but failed. As for the Lady Elizabeth, she followed him abroad and became his wife. As she told Jeffrey and Lucy, she could not forget his magnificent cock, and she didn't need an aphrodisiac. to want it!

# MAKE 'EM HAPPY

It is a well known fact that some women only want men with rather large cocks. So what does a man do if his penis isn't up to standard? Well, Terry had this problem, and he solved it, and you'll find out how when you read this true account that he sent to us.

I used to be worried about undressing in front of women. Not that I'm shy or anything like that, but you see, the old dong, my prick, my cock, the old John Thomas, isn't, or rather wasn't, going to set any world records for size.

Okay, to be honest, the old cock was below standard, not up to scratch, in fact it was just a bit on the small size.

Now a man can always compensate for that, by being good at foreplay. I have always thought that if you get a woman really worked up with foreplay, then after that it won't matter how big, or small, your cock is, the woman will be so hot, so wet, so fucking randy, that she will have a great time no matter what size cock she is taking into her pussy hole.

Then I started to go out with a certain kind of woman, the type who no matter how good your foreplay, insisted on having a good solid cock inside them.

It might have been accident, or coincidence, but those type of women were always the sexiest, always the most beautiful, and always the type I wanted more than anything else.

Anyway, let me start at the begining. My cock, as I have said, is, or rather was quite small. I met this girl called Sally at a party, and we really hit it off, and she confessed she liked sex more than anything else, said she was a bit of a nympho really.

Well, we left the party, went back to my place, and I really got down to it, kissing, touching, cuddlng, on the old sofa in the lounge, and after a while she was panting with lust, and she started to beg me to take her into the bedroom and fuck her.

I undressed her, and her body was really something, she was built for sex, and had shaved the hairs from her pussy, and those floppy pouting cunt lips of hers made me moan with desire.

I undressed her, and her body was really something, she was built for sex, and had shaved the hairs from her pussy, and those floppy pouting cunt lips of hers made me moan with desire.

I undressed, and she looked at my cock and a frown crossed her face.

"I don't think a cock that small will give me the pleasure I want," she said.

"I've never had any complaints," I said.

"Oh, I'm sure it will feel nice inside me," she said. "I'm sure when you fuck me it will make me climax, but I need bigger cocks than that one. I need..." she paused, smiled, and then went on. "No disrespect to you, Terry, but I don't think your cock will do for me what I want it to do."

"We can at least give it a try," I said.

"Yes, let's anyway," she said, and she stretched out on the bed.

Like I said, I have always made up for the smallness of my cock by being really brilliant at the old foreplay, and so I went into action.

I moved down between her open legs, and the scent coming from her cunt was really beautiful, and I just breathed in, and then lapped.

She climaxed almost right away, climaxed as soon as my tongue started to roam and brush and lap at her pussy lips, and I smiled to myself, for I thought if this lady climaxed like this when I was lapping at her quim lips, then I would have no trouble at all making her come when I fucke her. At least, that was the theory.

It wasn't long before her pussy was soaking wet. Those lips pouted like hell, and the clit popped from its hiding place, such a beautiful clit, so thick and wet and throbbing, that I just had to suck it, and as I took that clit between my lips and sucked gently, so that woman climaxed all over again, and this time, as she climaxed, her juices went all over my face. Yes, the lips sort of opened up of their own accord and a fine spray of hot pussy cream cascaded over my face.

Yes, again I smiled to myself, this was going to be a bit of cake, I thought.

I parted her pussy lips, and then looked into the most beautiful quim that I had ever seen in my life.

It was pink in there, very wet, and very lovely, and that woman yelled with lust as I poked my tongue into her love nest.

I started to lap, and suck, and slurp and then lap again, for when it comes to sucking a woman's cunt then I am an expert, well, with a cock the size of mine you have to be an expert at cunt sucking.

I worked my tongue about inside her pussy for some time, and then pulled back, and she smiled, said it had been wonderful, and then she rolled round so that she was on her hands and knees on the bed, waggled her beautiful naked bum in the air, and then suggested that I fuck her tight pussy from the rear.

I got behind her, and started to rub my cock over the bare cheeks of her bum, and then I used my hands on her bum, and while stroking at those beautiful cheeks with my fingers, I slipped my cock between her legs and eased it into her pussy.

I thought it was a good fuck, and I really slammed in and out, but I started to get just a little concerned half way through the fuck when she hadn't yet had an orgasm.

I was doing my best, but in that particular position a small cock is never any use, for trying to get deep into the woman from that angle isn't easy.

Well, I fucked away, and I was

more than pleased when she climaxed, though the reason she climaxed was because I was flooding thick spunk into her.

I may have a small cock, but I've never been short of the old spunk, and when I come, I really do shoot out a great deal.

Well, after I had taken my cock from her cunt, she turned round, and she smiled at me. "That was a lovely orgasm I had when you came inside me," she said. Her right hand went down between her legs and she pushed three fingers into her spunk filled pussy and started to move them about inside herself.

"Yes, lots of lovely thick come inside my pussy," she said. "But the trouble is I only came once, and when I fuck with a man, I like to have lots and lots of lovely orgasms during that fuck."

"Sorry about that," I said.

She smiled. "I like you a lot," she said. "But I am a nympho, and I must have lots and lots of orgasms when I am fucked. Your cock is just a little bit too small for me. If it were just a bit bigger, then I am sure you would give me all the orgasms that I am looking for."

"I don't see how I can do anything about the size of my cock," I said.

"I don't either," she said, and then she climaxed, for she was really wanking off with those fingers of hers, really flashing in and out of her pussy. The spunk and pussy cream were flowing and bubbling from her cunt as she masturbated.

She had another climax, and then slowly pulled her fingers from her pussy, and then she poked out her tongue, and in what was the kinkiest thing I had ever seen in my life, she slowly drew her darting tongue all over her fingers, drew the sperm inside her mouth and then swallowed it down.

"I would love to see you again," she said later, when we were getting dressed. "But you must see things from my point of view. I need, really need, as many orgasms as I can get. I'm not alone in this, I know lots of wome who are the same. "

"Yes," I said.

She smiled. "If you could just get an extra inch or so on your cock, then not only me, but lots of women would be begging you to fuck them, for you are a real expert at foreplay, and your fucking is good, but you lack that extra inch to make it to the top."

"You mean if I could get an extra inch or so then I could have all the women I ever wanted?" I asked.

She nodded. "You are good at lovemaking, get a little bigger, and I know a dozen women who would do anything at all to get into bed with you."

"Really?"

She nodded. "The same goes for lots and lots of men in this country." She went on. "If they could just get their cocks a little bigger, they would find that they have all the women they could handle. That extra inch does make all the difference."

I showed her to the door. Her taxi, that we had phoned for her was waiting outside. She turned to me on the doorstep and said: "If you ever figure out a way to get an extra inch, then call me,

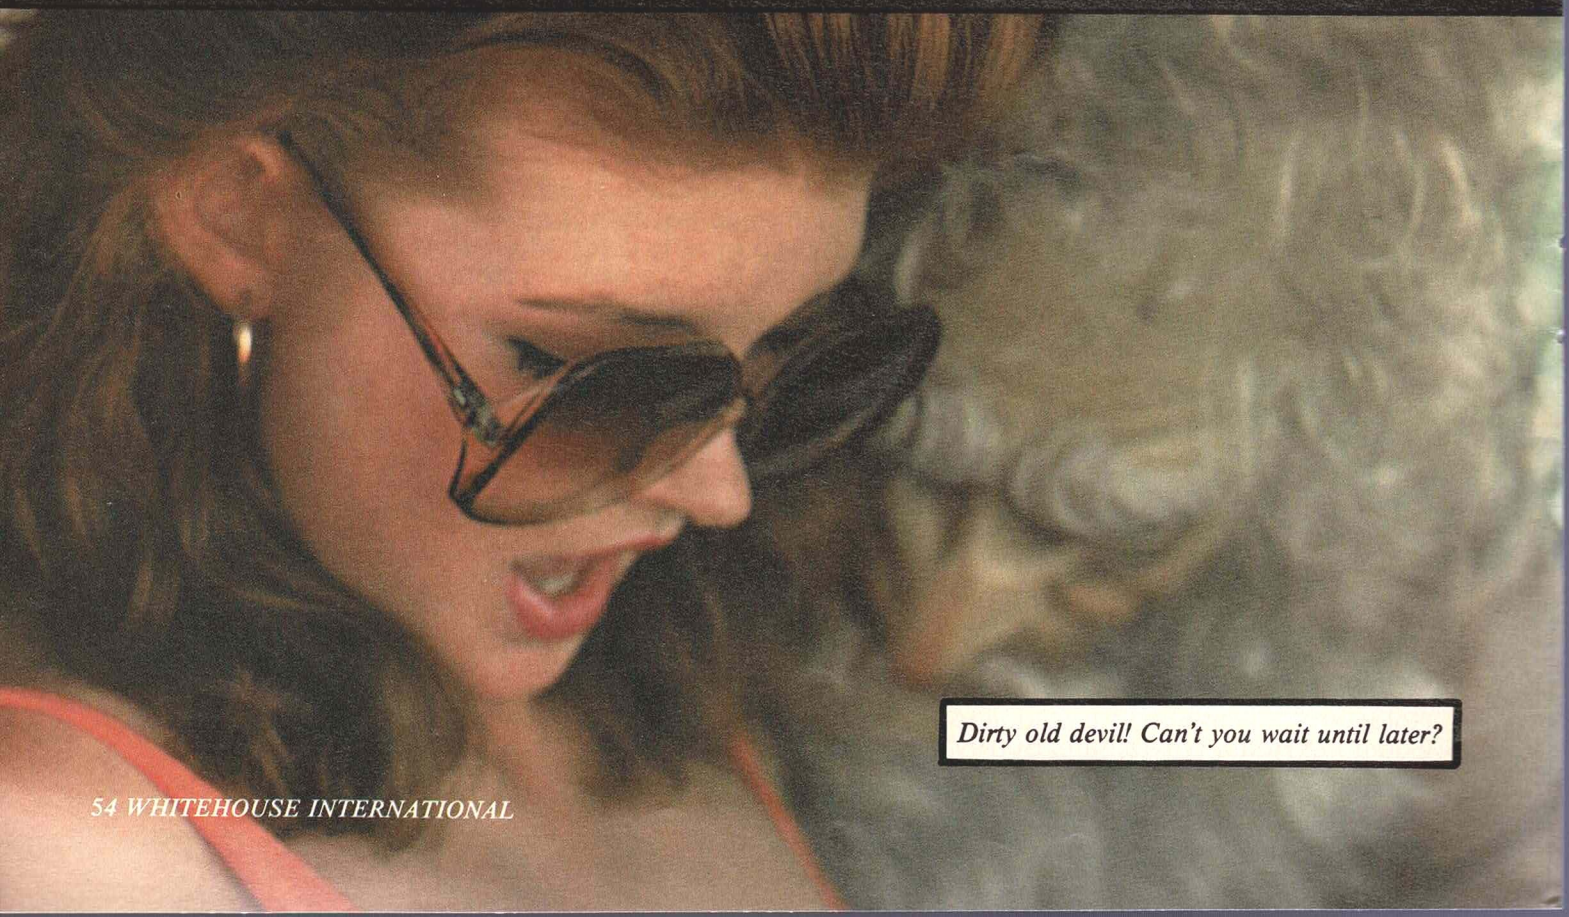
# DAVINIA MONTPELLA-HARLING hitches a ride with OLD LANG SYNE!

**(actually she's on her way to a masked ball – but at least it sounds seasonal!)**



Dirty old devil! Can't you wait until later?

Heh, heh, heh! I'll teach this upper class bitch a lesson!

*Cripes! A real chopper! Now I won't have to bother the gardener for cucumbers any more!*

*Suck away, you depraved little deb!*

Gosh, I say! Just like being at the Hunt Ball!

# DAVINIA AND THE MAN IN THE MASK

Davinia Montpella-Harling, a twenty two year old upper class girl, who is 'frightfully nice' about everything, except sex, for when it comes to pleasure then she will do anything. Here, in her own words, is the true story of how this well bred young lady went to a fancy dress ball and met a man in a mask, and... well, read on for yourself and see how this upper class woman becomes a nympho between the sheets.

What a beastly bore! Mummy had just phoned to say she was staying in town, and Daddy was on his boat in the Greek islands somewhere, and I had the whole mansion to myself, with lots of household staff to carry out my every whim. What a bore.

Yes, a bore, for I was in one of my sexy moods, and I couldn't do anything with any of the staff, for that would have been bad form, and anyway, they would have told Daddy, and he would have thrown a fit. For my parents think I am a frightfully nice well bred lady and still a virgin.

Well, truth is that I am well bred, and upper class, but a virgin I am not, in fact behind this very polite facade I am a rght little nympho, and I have made it – you'll never hear me say the word fuck – with men and women and groups.

I can't help it, I must have sex, as much sex as possible, and the circles I go round in are very polite and upper class, and the men are useless. I need a real man to go to bed with, not an upper class fob.

I almost live two lives, one is the upper class, butter wouldn't melt in my mouth, type of life, and the other one is the raving nympho who will carry out any form of sexual activity, with men and women, to get pleasure. At times it does become quite a problem.

It was mid morning, I was in my suite of rooms at the east end, the East Wing rather, of the mansion, and had just had a bath, was feeling sexy, so there was nothing for it, I would have to masturbate – you'll never find the word wank pass my lips – and so I stretched out naked on the bed, picked up my favourite candle, and proceeded to rub it against my vaginal lips – and I'll never use the word cunt either – for I'm a very polite young lady.

I used one hand to play with my large and very firm breasts as I rubbed the candle against my pussy lips, and before very long my love cream was dribbling from my pussy nest.

When I thought I was wet enough, I very gently eased that candle all the way into my pussy, inserted it deep into my love tube.

I was soon flashing that candle in and out of my vagina just as fast as I could go, my other hand squeezing at my boobs and stiff nipples – whoops, sorry, at my breasts.

I had my eyes closed, and tried to imagine that what was really inside me was a man's penis, for there is no substitute for the real thing.

But try as I might, I couldn't imagine the candle was a nice rock hard solid penis, couldn't even imagine that it was another woman's fingers inside me, and the orgasms that I had from that were not very good.

Then the phone went, and I picked it up, candle still inside my pussy.

"Hello, Davinia, Helen here." It was Lady Helen, well I can't give her surname, but she was a real Lady.

"Hello," I replied.

"We are having a masked ball at the house tonight, can you come along?" she asked.

I was about to say no, for her parties were boring and the men she invited were boring, but then again, I was bored already, so I said I would go.

Well, I eased that candle from my pussy after I had put the phone down, and usually, after I have masturbated myself with something, I always lap the juices from the thing with my tongue, for I adore my own taste, but at that moment in time I wasn't even in the mood for that.

So, that evening, I dressed in a nice ballgown, and covered the top half of my face with a black mask, and went to the ball.

It was held in the grand hall of Helen's castle, yes a real castle, and the place was packed, men in dinner jackets, women in gowns, and it wasn't as boring as I thought it would be.

Of course, everyone had masks on, you only took them off after midnight, but I could still recognise some of the people.

Some of the men had broken with tradition and didn't have small black masks on, one had a monkey's mask, one a Dracula mask, and one had a mask whihc made him look like a very ugly old man.

Well, it was obvious from the slim shape of his body and the way he moved, that he wasn't an old man. I couldn't for the life of me figure out who he was, so when he asked me to dance, I accepted.

He danced well, and rubbed his body against me, and he was soon hard down there, and it felt good, even through the thick wide flowing skirt of my gown I could feel the hardness of his erection.

Well, this ball wasn't such a bore after all, I thought, and I had many dances with him, and then, at midnight, the band struck up a chord, and everyone took off their masks, all except the man I was with.

"I can't," he said. "There are reasons why no one here should know who I am."

"That sounds very mysterious," I said.

"Sorry, but that's the way it is."

"Are you a spy or something?"

He shook his head, that mask looking very evil and he said: "No, but I can't explain."

"What if I asked you to take me to bed, would you still keep tha t mask on?" I asked.

"Yes, I would have to," he said.

I was really intrigued by this time, and I was really determined to find out what he looked like. The mask covered his entire face, except for holes for the eyes, and a wide slit for the mouth.

To: GSP Ltd., 2 Godstone Road, Whyteleafe, Surrey.

In fact it was a rubber latex mask which covered his entire head, I didn't even know what the colour of his hair was.

"I bet I can make you take off that mask," I said.

He shook his head.

Well, I was randy, and this was a challenge, and so I took him by the hand and led him from the grand hall. I knew this castle wel, had played here as a child, and we went along stone corridors, up stairs, and then I took him into the bedroom.

"No one will find us here," I said. "Take off that mask."

"I cannot."

I smiled, this was really good, I was about to have sex with a man whose face I could not see. This was really frightfully interesting.

There was no way I could just pull that mask from his head, so I would have to use my sexual charms, and I thought this a jolly super wheeze, as they say in my circles.

I undressed, and he gasped when he saw that I wasn't wearing any knickers under my gown. I just stood there, naked, while he looked at me, knowing that he would like my firm breasts, knowing that he would be really turned on by the sparkling pussy liquid which was already dripping from my pussy – yes, that's how jolly worked up I was.

"What wonderful cunt lips," he said.

"I don't like that word." I told him.

"Oh, you are one of those very polite, frightfully nice women, are you?" he asked.

"I'm the best lay you are ever likely to get," I told him. "I am the greatest in bed, and I will do anything, no matter how kinky it is to get pleasure and to give pleasure, but that doesn't mean I like dirty words."

I was intrigued by this man, he had an educated accent, was obviously a man of the world, and yet he wouldn't take that bloody mask off.

He smiled at my last words. "Okay, no more dirty words. No lets see if you really re the best lay in the world." and with that he undressed, and you should have heard my gasp of delight when I saw his penis. Wow, what a super penis, I thought to myself. That is going to feel pretty jolly tremendous when it goes into my pussy.

Funny, my thoughts, my words, are all stupid upper class things, but my sexual actions are always very basic. I don't think I will ever understand myself.

"Show me something sexy," he said, just standing there, looking a bit silly with that damned mask on but with his hard penis throbbing like hell.

I smiled, I was determined to find out who he was, and why this big mystery of the mask.

I walked over to the bed. "Some men, and lots of women..." I started.

"You make love with women?" he asked.

I nodded. "I love it."

"Go on," he said.

I was now sitting on the edge of the bed, and I said: "They say that what I am about to do now is very sexy indeed."

I did my favourite trick, I managed to push my right breast all the way up with one hand, pushed it up enough for me to be able to lower my head and then flick at my nipple with the tip of my tngue, and then pushed a little more and actually took all of that stiff nipple of mine into my mouth, and doing that with one hand is not at all easy, and it takes a great deal of practice.

Why just one hand, why not use both. Well, little upper class Davinia was rather basic at sex, as I said, and my other hand went down between my legs, and I used two fingers to part my outer labia, and lots of juice dribbled out, and he moved forward to look closely.

I sucked on my nipple, and with my free hand, I pushed two fingers into myself and started to masturbate.

"That is incredible," he said. "Sucking your own boob while masturbating at the same time. See, I didn't use dirty words."

I nodded, sucked and masturbated at the same time, then I had an orgasm, and what a lovely one it was, and then I let my nipple slip from my mouth, and then slowly removed my fingers from my pussy, and then I smiled, poked out my tongue, drew my fingers up to my mouth, and then used the tip of my tongue to lap the juices from my fingers, and I was so worked up by that time, that merely lapping and tasting my own sex juice was enough to make me orgasm all over again.

I smiled when he got onto the bed with me, for his penis was now so huge that it seemed as if it would explode at any second.

I smiled,because I knew that sooner or later I would find out his true identity, and then I gasped, for he had leaned over and was running his tongue over my breasts, lapping at the flesh, sucking at each of the nipples in turn.

I lay back, and the tip of his tongue traced a wet pattern over my flat belly, and then down, down, down to my wet pubic hairs, and then I gasped and shoo as I felt his tongue on my pussy lips.

It was strange to fel the rubber of the mask against my flesh, while his tongue poked out of the mouth slit of that mask, but it was a feeling I liked.

His tongue worked well on my pussy, for he was quite an expert at what he was doing, and it was also strange to look down and see that ugly mask, knowing, I was sure, that under it was the face of a very good looking man.

His tongue lapped, then his fingers parted my pouting pussy lips, and for a few seconds he just gazed into the wide open depths of my pussy tube, and this turned me on a great deal.

Then he stopped looking, then he started to go into action, and what jolly lovely sexual action it was as well.

His tongue, held very stiff, dived in and out of my love nest very quickly indeed, flicking in and out, very fast, fluttering and flicking, and my juices boiled and bubbled, yes that sex liquid of mine spurted from my love nest and gushed into his mouth and he was drinking it down just as fast as he could go.

He stayed down there, working the tip of his tongue all over the inside of my soaking wet love nest, and gave me so many orgasms that I lost count.

In and out went that tongue, and I screamed and yelled with sheer delight, used my own hands on my breasts as he sucked out my hot sex juices.

He came up for air, drops of my cream on that silly old mask, and I saw a smile on his lips, and he told me that I tasted really rather good.

I pushed him on his back, and went down on him, and shook with emotion as I brushed the tip of my tongue over the head of his glans for that glans was so hot, so salty, and so hard and swollen, that just lapping at it with my tongue was almost enough to make me orgasm again.

I drew that glans into my mouth and rubbed it round the inside of my cheeks, and the thing bulged and throbbed, and so I sucked some more, and indeed, I wished to go on sucking until he gave me his sperm, but I also wanted, and wanted very badly indeed, to feel that hard manhood of his inside my pussy.

I sat up, and then got up, and then crouched low over his pensi, and then lowered myself down, so that I was now sitting in his lap meant that his hard penis was

now all the way up inside my sex tube.

How can words of mine describe my feelings at that moment. I have sat on many men, but nothing had ever given me this much pleasure before.

There was something about the way his hard penis filled my pussy, about the way it fitted my pussy, and I sat there, that gave me what had to be the most super orgasm of my life.

I was amazed, just sitting on a penis shouldn't have done that to me, made me climax, yes, but given me such a massive climax, no. But there it was, that huge and very intense orgasm, blasting through me, making my flesh turn to jelly.

I started to slide up and down, and I gazed down at him, looking at that silly mask, tried to imagine what his face looked like, but all I could see was that silly mask, his eyes, and his mouth.

I went up and down on that penis, nice and slow and easy at first, and the glans rubbed and rasped against my pussy walls, and my sex cream bubbled and boiled and sprayed from my love tube.

The tips of his fingers sent waves of delight through my body a he used them on my firm heaving breasts.

I went up and down on his penis just as fast as I could, sweat pourng down my face as I gave it just about everything I had.

It was a really super screw, a spinning workout on his hard penis. I don't think I will ever forget that as long as I live.

I thought if my parents could see their twenty two year old daughter now they would have a fit.

I felt the glans start to bulge as I went up and down, and I rolled from him and the stretched out on the bed, for I wanted the last part of that screw to be done with him on top, wanted to writhe about under him, and I also thought it would be the best chance I would have to get that mask off.

Well, he dived on top of me, and there was a nice wet slurping sound as his glans went into my pussy, and the shaft made my pussy walls bulge out all over again.

I wrapped my arms and legs around him, his hard chest was crushing down onto my breasts, and then he started to thrust, and the glans went into the very depths of my love nest, and my sex cream bubbled again, and then his balls were slapping against my vaginal lips as he gave it all he had.

Never, in all my life, have I had a man screw me so fast and hard and deep as the man in the mask did. Where he got his speed and energy from I will never know. But it proved once and for all that under that ugly mask he wasn't an old man, only a fit young man could have gone as fast as he was going.

Then the glans bulged again, then he shafted hard and deep, then that glans jerked, and he gave this huge hard and final thrust, and then I just about fainted with the thrill of it all as I felt his semen start to flow into my love nest.

It was amazing, it was super, it was terrific, yeah, it was all of that and more, for wave after wave of thick hot sperm went gushing into my vagina, and the lovely hot thick stuff seemed to come from his glans in a never ending wave.

The lovely stuff went into me, swam about inside me, clung to my walls, filled up my tube, and then even more came out, much more, hot jetting waves of the lovely super stuff.

He pumped and thrust, and now my vaginal tube was filled with hot semen, and it started to dribble back from me and must have been running all over his balls.

He thrust again, and then pulled out, and did something which was very nice, for he moved quickly up my naked body, and allowed me to take the sticky head of his still sperm pumping glans into my mouth and I must say, it was really rather jolly super to be able to suck and slurp away until it went limp.

He rolled over, and I smiled, now was my chance I thought, and I was just about to reach out and yank off that mask, or at least try to, when he moved over a little more, out of reach.

I sat up, and was about to try again, when I felt this vast trickle in my pussy, and I glanced down and saw that my pussy lips were still gaping open, and that really large drops of lovely sperm were coming out, coming out, sticking to my thighs, and then soaking into the sheets.

I reached down, rubbed my fingers over my pussy lips, rubbed that lovely come into my skin, and then lifted my hand to my face and lapped at it with my tongue, and shivered with bliss at the taste.

I turned to him, and smiled, and I just had to go to the adjoining bthroom to wash the stuff from my pussy, well, it wasn't my bed, and I didn't want to leave too many marks on the sheet.

I washed out my pussy, and then went back into the bedroom and there he was gone.

There was a sheet of paper on the bed, which said that he thanked me for the great time we had had, that one day perhaps, when he was able, we would meet again, one day he might be able to let me know who he really was.

I dressed again, went down to the Grand Hall, and searched out Lady Helen, and asked her who the man had been, and she had no idea, thought he was a friend of mine.

I asked everybody who was still at the ball, but none of them knew the man in the mask. Yes, it was a real mystery.

Later that night, alone in my bed in my own mansion, I thought about that man, thought about the way he had been on top of me, the way he had driven that shaft in and out of my pussy, and above all, I thought about the massive amounts of lovely hot sperm that he had flooded into my pussy.

Thinking about him made me randy, and I pushed three fingers into my pussy and slowly masturbated myself while I thought again about the hard penis inside me, about the feel of his body, about the way his balls slapped aginst my lips when he screwed me.

I knew that one day I would find out who he was, even if I had to search the entire country, I woud find out who he was.

Mind you, I wasn't going to allow the search to spoil my fun. I was going to have as much sex with other people, with men and women, as I could.

But that man had been a puzzle, the best penis I had ever had inside me, the most sperm that I had ever had inside me.

Yes, I would find him, I was sure of that, and then we would solve the mystery, but till then I would have fun.

---

And next month that upper class lady does have fun, she meets up with another lady who is just as sexy as she is, and they indulge in the hottest lesbian action that you have ever heard about. Don't miss it.

## Make 'em laugh

and I'll come running, and I'll make sure that all my girlfriends know about you."

After she had gone, I thought about what she had said, and I had to admit that she was right, for over the years I had heard lots of women say the same thing, that there were thousands of men in this country who, if they could only get another inch on their cocks, would be able to fuck with all the women they have ever wanted to fuck with.

Yes, just that extra inch seemed to make all the difference between being able to fuck with average type women, and being able to fuck with really sexy, amazing, nympho type women.

I was determined to get that extra inch, and rather than bother you with boring details at this moment in time, let me tell you what happened a few weeks later when I phoned that girl up and asked her to come round to my place. Don't worry, I'll tell you at the end what really happened, and how I managed to make a dream come true.

She came round, and we had a drink, and then I suggested we go to bed.

"Well, I'd love you to suck my pussy," she said. "But..."

"I know what you are thinking," I cut in. "Well, I have a little surprise in store for you. Come to bed and I'll show you what the name of the game is."

We went into the bedroom, and she undressed, but I only stripped down to my pants, I left them on, and had a very good reason for doing so, as you'll find out in a minute.

"Why not take off your pants?" she asked.

"Later," I said, and then went down on her and used my tongue on that wonderful cunt of hers.

Soon she was sighing with satisfaction, and so was I, for she tasted as good as I remembered, and those juices flowed thick and fast into my mouth as I sucked away at her wonderful quim.

I then moved up and used my tongue on her boobs, and just sucking at her really stiff nipples made her climax and then I went down again, sucked at her pussy, and then up again and kissed her on the mouth, for she liked the taste of her own pussy juices, and my flicking her tongue about inside her mouth as we kissed, she was able to get a taste of her hot cunt cream.

She lay there, legs wide apart, juices flowing from her hot cunt and soaking into the sheets, and that is when I removed my pants, and when she saw the size of my stiff erection, when she saw the size of my cock, her eyes almost popped out of her head.

"How... how did you manage that?" she gasped.

I smiled. "I'll tell you later. Do you like it?"

Her hand came down and she curled her fingers round my shaft. "It is much thicker than before," she said, "and about an inch or so..."

"That's right," I said. "I think now I can give you the sort of fucking you need."

"Fuck me well," she said, "and I'll make sure that all my girlfriends know about it."

I smiled. Yes, that extra inch did make all the difference between not getting many fucks and getting fucks with sexy women. Yes, don't worry, I'll let you all into my secret later.

With my cock hard, stiff, throbbing, and bigger than it had been the last time I'd fucked her, I got on top of her, and as soon as the head of my swollen glans touched those soft wet fleshy pussy lips of hers, she climaxed, and as she heaved and shouted, so those lips gaped open and juices flowed over the head of my cock.

Then she had another orgasm, anther huge orgasm as I slowly eased my hard tool into her cunt.

Her pussy was tight, really wet, and I pushed in really deep, pushed in as far as I could go, and she looked up at me, amazement in her eyes.

"You seem huge compared to last time," she gasped.

"You'd better believe it," I told her, and then started to fuck her.

This time it was orgasms all the way, right from start to finish. As soon as my shaft started to pound in and out, she started to orgasm.

I could feel the heat and wetness of that pussy, and my cock bulged, became even bigger, and I thrust it right to the very limits of that tube, thrust it hard and deep, and kept on shafting and thrusting till the spunk jetted from my glans and flowed in thick dollops into her tight pussy.

"That was wonderful," she said, as I pulled my cock out, and she moved down, took my cock into her mouth and sucked it for a long time.

"How did you get so large?" she asked.

"I'll tell you later," I said.

She smiled, and she glanced down, and saw the sperm dribbling from her cunt, and she smiled again.

"Let me," I said. For I remembered how she liked to masturbate after a fuck.

I reached down and used my right hand, slowly eased a couple of fingers into her. It was the first tiem in my life that I had ever fingerf ucked a woman right after fucking her, and at first it was a rather unusual feeling, but I soon got used to it.

She yelled and heaved with sheer bliss as I worked my fingers in and out of her pussy, and then I remembered something else she had done the last time.

I removed my fingers from her cunt, and then held up my hand, and she smiled, moved close, and then that tongue of hers came out and she lapped at my fingers.

"Now tell me," she said. "How did you get that extra inch."

"Later," I said, and pushed my finges back inside her pussy, and again I wanked that nympho off till she climaxed, and afterwards, she again used her tongue and lapped at my fingers.

Then we had a shower together, and later, back in the bedroom, she kept looking at my cock, and then she said: "I just have to suck it."

"Be my guest," I said, and I rolled round and then stretched out so I was flat on my back.

It only took her a few licks of her tongue to get me hard, and then, as she brushed her tongue over the head of my glans, I became fully erect.

I have to admit that it was incredible, for she did everything just right, she didn't rush, but she didn't go to slow, she was just right in everything she did with her tongue and lips and fingers on my cock.

Then my glans was all the way inside her mouth, and she sucked gently, then rubbed my glans round the inside of her cheeks, and that was really something.

She looked up at me, and she winked, then sucked just a little harder, and I asked her to turn round a little, and when she had done so, I was able to reach out with my right hand and then push a couple of fingers into that soaking wet pussy of hers.

She heaved and writhed as my fingers moved wetly in and out of her pussy, and she climaxed a couple of times, but she still kept my cock deep inside her mouth, still kept sucking away.

Then she sucked even harder, and then, just as I came, she pulled my cock from her mouth leaving some drops of sperm on her lips, and then pulled at my

shaft with her fingers, and then she climaxed, climaxed with a huge shout of deep pleasure as the rest of my hot spunk shot all over her very beautiful face.

She kept pulling on my cock, kept getting more and more spunk over her face, kept climaxing, and I was really pleased with all this.

Then she released my cock.

"It really was big," she said. "You must tell me."

I looked at her, and thought how lovely a woman looked with sperm all over her face, and I said: "I was really worried about my cock being so small, so I went into my local adult shop to see if they could help."

"And did they?" she asked, and her right hand went ot her face, and she slowly wiped some sperm from her nose.

"Yes, they suggested I try a new product they had just taken delivery of, a new product from the USA."

She poked her finger into her mouth and sucked it, shivered with pleasure at the taste of my spunk, and then said: "Go on, what was it?"

"A new American penis developer," I said.

"How did you use it?" she asked.

"There were very good instructions with it," I told her. "Too long to tell you, but it did work."

Her hand was against her face again, and this time her fingers were wiping some of the sperm from her chin.

"I followed the instructions," I told her. "Followed them every single day."

She sucked some more sperm from her fingers, smiled and then said: "Well, it must have been a good product, for your cock is really bigger. Big enough to give me the pleasure I was looking for."

"Yes, I measured it before I started to use that American Penis Developer," I said, and then went on, "I also measured my prick after followng the instructions, it took a couple of weeks, but the improvement is amazing."

"You can say that again," she said, and again her hand was at her face and again she was wiping up great thick drops of spunk, and as I carried on talking, she again used her tongue and lapped at her fingers, and this time as she drank down the sperm, she climaxed.

"Yes, it is an amazing thing," I said. "At first I didn't believe the manager of the shop when he told me it would work, but then I thought that adult shops have always had a reputation of being honest, of being good value, so I bought the thing."

"Yes, I've heard they have a good reputation," she said, and by now she had wiped every last drop of my spunk from her face.

"It worked, and my cock is bigger than before," I said. And that was the truth, a good, and genuine, penis developer, imported from the States, and sold at my local adult shop, had really made all the difference, not only was my cock bigger, but I had given this woman pleasure.

"I think I will fuck with you any time you ask me," she said. "That cokc of yours was so solid, so big and hot. If you don't mind, I'll give your telephone number to a couple of girls I know, I am sure they would just love to be fucked by you."

"I don't mind that in the least," I said, and then thought that it is true what they say, if you give one girl a really good fucking, word soon gets around, and you find that there are lots of women after you.

Mind you, I owe all that to that great penis developer from the States, but enough of that for now, let me tell you about a few other things I did with that sexy woman.

She rolled round, and then crouched over my face, so that I could look up and see every single detail of her wet fleshy pussylips, and then she reached down with both her hands, and she used her fingers to part those lips, she pulled them so wide open it seemed to be impossible, but then I was able, once again, to feast my eyes on the beautiful interior of the inside of her fabulous cunt.

Then her juices started to drip down, for she was still very wet indeed, and those juices showered all over my face, and then I saw her fingers go up inside her cunt, and she started to wank off.

Of course, her wanking herself off made that cunt of hers wetter than ever, and more sex fluid came down, and I moved my head slightly, and opened my mouth, for my face was coated with pussy cream by this time, and I wanted to get the rest of it inside my mouth.

I heard her sob as she climaxed, then heard her shout as she climaxed again, and I slurped that stuff down my throat, and it was sweet like honey.

Then she moved her fingers from her cunt, and after sucking those fingers in her mouth – I've never know a girl more in love with the taste of her own pussy juice – she sat all the way down on my face, and I was able, once again, to get my tongue to work inside pussy of hers and drink my fill of her beautiful juices.

Later, we had another really good fuck, and she went down on me first of all and sucked at my cock till I was really hard, and then she sat back and looked at my prick, and again she said that it was amazing how much bigger it was than the last time we had met, and I told her that it was all due to that remarkable penis developer I had bought at the adult shop.

Then she sat on top of me. She crouched there for a while allowing her juices to wash down over my cock, and then she sat down, and her cunt lips came into contact with my glans, and this made her shudder with delight, and then she was sitting down all the way, and slowly the full length of my hard tool went all the way up into her wet cunt, and as she sat in my lap, as my glans poked up into the very limits of her love nest, she had a really intense orgasm, and again I felt her thick juices bubbling round my shaft.

I reached up with both hand and put my fingers to work on her perfect breasts, and it was good to be able to squeeze and fondle those marvellous tits of hers while she slowly glided up and down on my throbbing cock.

Her nipples were soon very hard and stiff indeed, and she speeded up after that, went flat out, sent like the clappers up and down on my cock, till once again my spunk erupted inside her quim.

She sat there, smiling down at me, smiling and having many climaxes as she squeezed with her cunt walls at my cock, making sure that she drained every last drop from me.

Like I said earlier, the difference between getting to bed with sexy women, and average women, is just a matter of one inch, one inch on your cock, and as I had that inch, I am now fucking with some really sexy, and some very kinky women.

That, as we said, was a true story sent to us by Terry. It really did happen to him. By the way, if any of our readers are interested in the American penis developer that he was talking about, then adult shops are selling them, and you'll find a full list of adult shops on the back cover of this magazine.

# Do you attract Women? NEW Attractant 10

Get to first base every time with the new, reformulated, highly concentrated Female Attractant Pheromones—the undetectable scents that attract women, without them being aware of it. The unique working ingredients—the two human pheromones including 5 ∝ Andros—16—en—3 one recently demonstrated on a major TV science programme have been combined with an irresistable musk fragrance to produce a powerful and arresting aftershave—the key to unlock a woman's sensuality and arouse her innermost desires.

## What you should know about Pheromones

Pheromones are the undetectable natural scents that we exude and which affect the way we react to others, both socially and sexually. Scientists have recently been successful in isolating some of these Pheromones and the one of greatest interest to men is Androstenone which attracts women. We all know that there is a minority of men who seem to attract women without effort. These are the men with a high Androstenone level—less than ten per cent of the male population. For the rest of us, the mating game has always been hard work—until now. After several years of research Attractant 10, containing the Androstenone Pheromone and a second important human pheromone, is finally available to the public.

## Experiments prove the effectiveness of Androstenone

Results of the many experiments demonstrating the effectiveness of Androstenone have been widely reported in the press. The following extracts from some of these reports are convincing proof that it is a powerful female attractant.

'Minute quantities were sprayed on a chair in a Dentist's waiting room. Women patients made straight for the chair' **The Sunday Times** (20.1.80)

'Male pheromone secretions not only attract women, but repel other males' **World Medicine** (GPs Journal)

'Heaven Scent! The secret of Sex-cess' **The Sun**

'Dr Alex Comfort suggests that the musky natural scents may act directly on the brain's sex centre to heighten arousal—but at a level below the threshold of awareness' **Cosmopolitan** (July '79)

'Our push-button world has come up with an instant answer for all men who can't pull the birds... Spray on Sex Appeal!' **Daily Mirror** (19.3.80)

What more can we say? What more proof can be given? One spray of Attractant 10 will last at least ten days and there is sufficient for fifteen sprays in each container. Enough to last for nearly five months. Spray and full instructions just **£11.50**

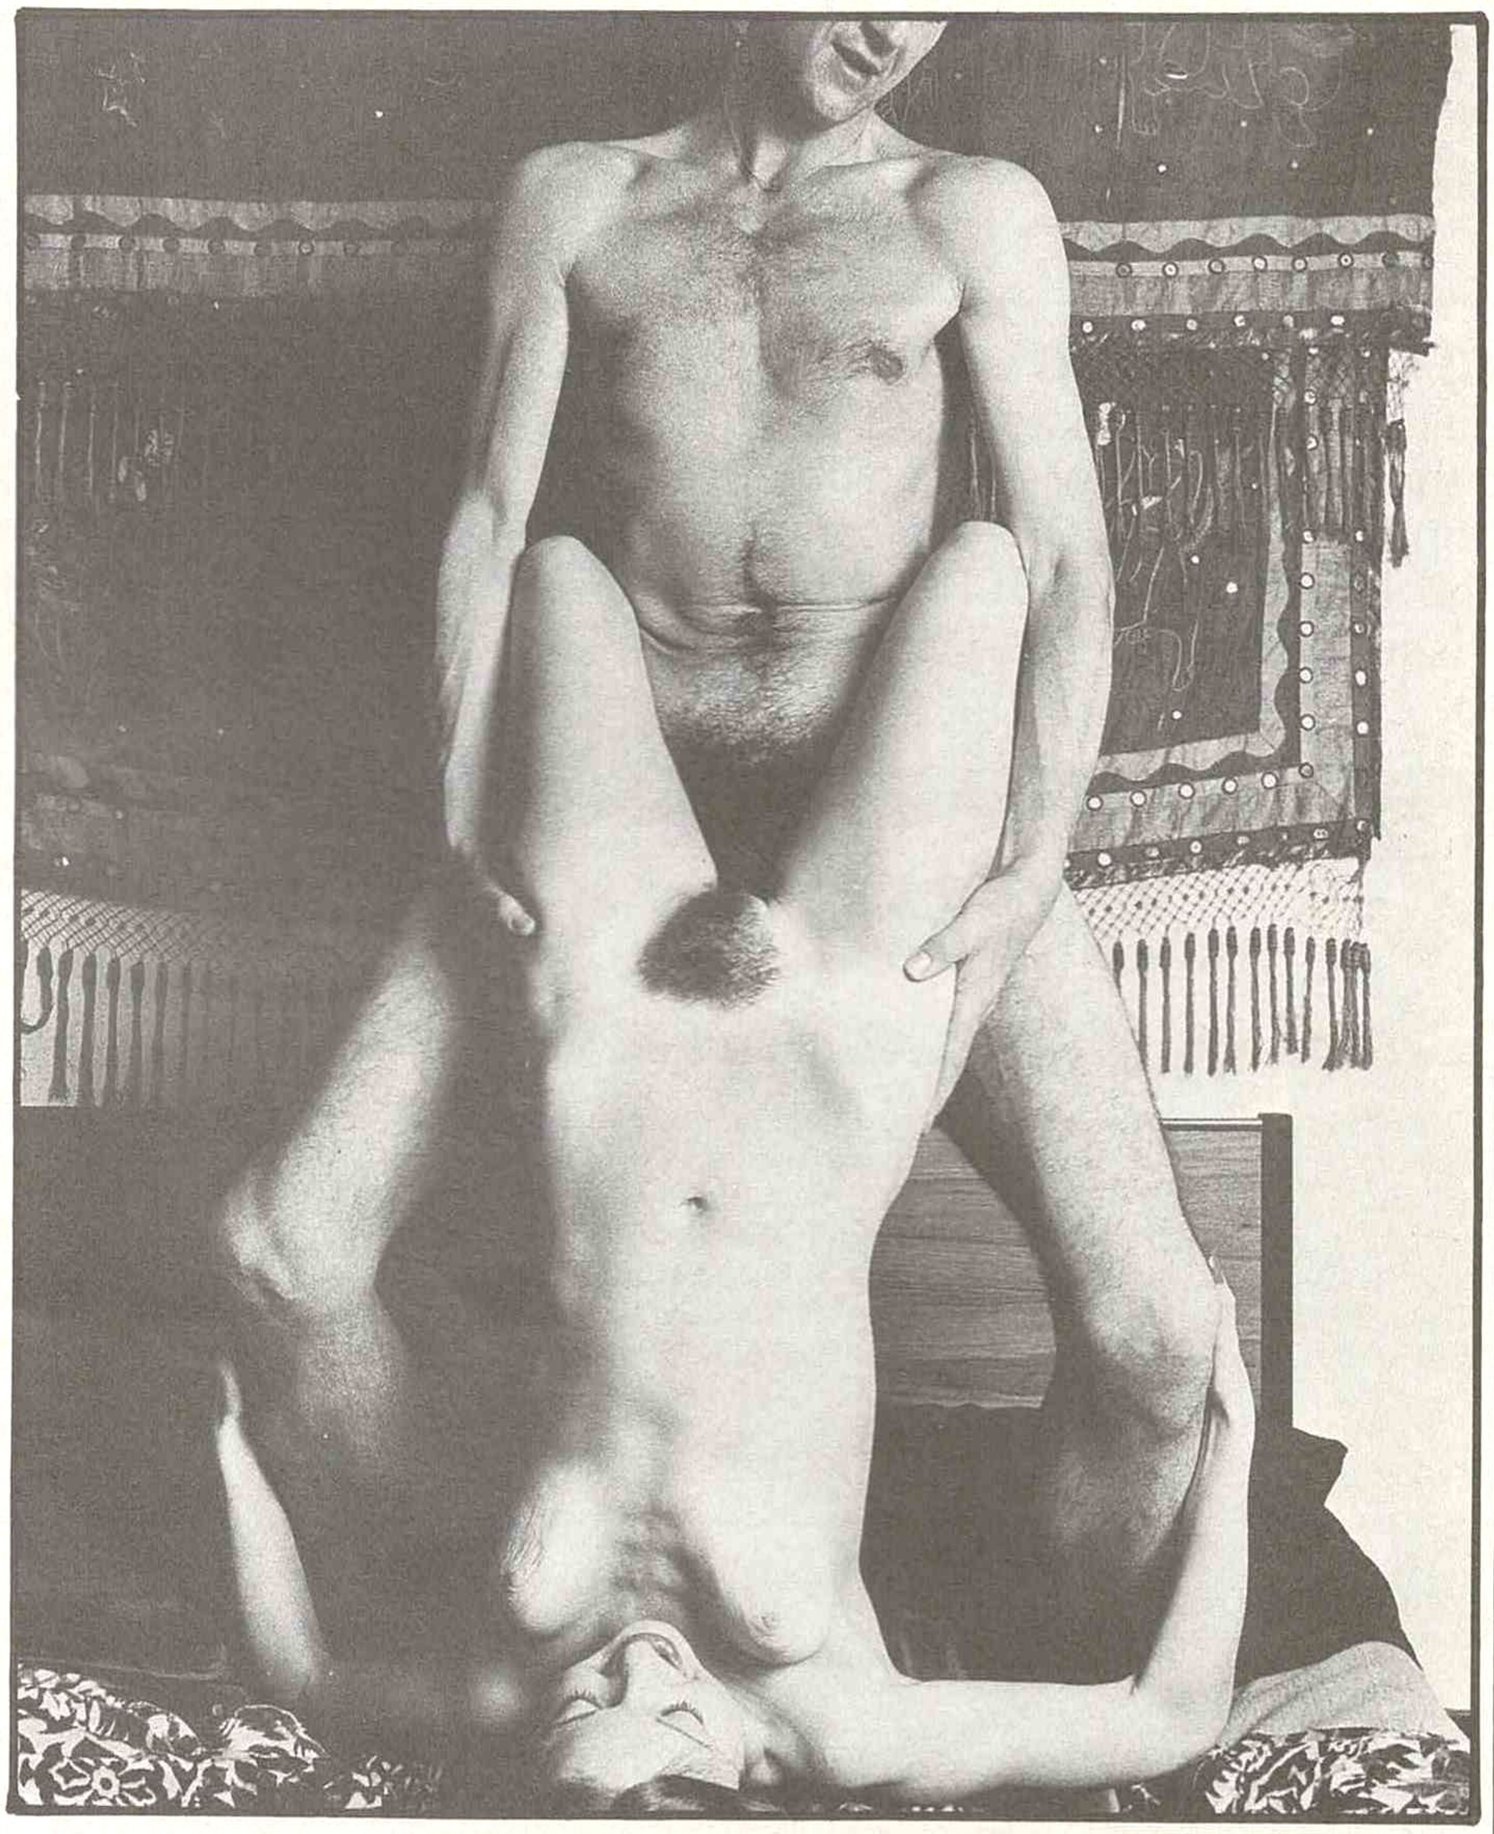
# MAGIC HOLIDAY

## By Wendy Charlton

*It took me a long time to get over the divorce, to come to terms with the fact that my husband had found someone younger, someone more attractive and better suited to his needs. Everyone, me included, had thought that Jim and I had the perfect marriage, nice home, kids... oh everything, that's probably why the break-up came as such a shattering blow. At least Jim was honest about it, did not hide the fact that he intended to spend the rest of his life with someone other than me. Leaving me at twenty-eight to try and sort out a life for myself, money not a problem for he generously made the house over to me and made allowance arrangements with his bank.*



I was ill, nervously shattered and after six months sold the house and went back to live with my parents. Fortunate that they understood my needs, made no attempt to interfere and let me get on with involving myself completely with my children. Funny but kids adjust so much quicker than they are give credit for, sure they asked after Jim for a while but then accepted that in fact he wasn't coming back.

No, it was my sister who kept badgering me to try and sway me, sway me from utter involvement with the children alone. Sally is six years my junior, although despite that age difference we have always been close. About a year after the divorce Sally finally talked me into going to a dance with her at the local tennis club, I felt guilty about leaving the children which was stupid as my parents were more than capable of coping with them. It felt so strange to be close to men again, to be danced around the floor, paid compliments and bought drinks. Yet deep down I felt a resentment for all those men, despising them and planting them all firmly in the category of just 'out for what they could get'.

I had been a nineteen year old virgin when Jim and I first met, only after we had been going out together for twelve months

had I finally allowed him to remove my virginity. He was the only man who had ever made love to me and sometimes still at night I recalled the warmth of his strong body next to mine, got twinges of jealousy when I thought of him making love to his new mistress... or perhaps they were even married now?

That night out with Sally wasn't really a success, although it did take me out of myself for a while. It wasn't till the following spring that she started on at me again in earnest, insisting that we book up and take a holiday together. One night we were in her bedroom when she came right out with it.

"Look Wendy, what you need is a man... a man to take you to bed again and rid you of all the sensations of guilt and frustation that you have." I had been angry at that, accused her of being a tramp, to which she retorted. "That's as may be, but if I sleep around at least I'm living."

We ended up having a blazing row, followed by a week of mutual silence before I held out the olive branch, realising in my own mind that much of what she had said was right. The outcome was that we booked a flat in Torquay for the Whitsun week, our parents delighted to have the opportunity of taking the children to relatives in Yorkshire. They left on the Friday afternoon, whereas we planned to travel on the Saturday morning.

That Friday evening was quite eventful in its way, Sally suggesting that we go out to eat at a nearby pub, after a splendid meal we sat in the cocktail lounge sipping gin and tonics. Joined around nine-thirty by a couple of men she knew, perhaps it was the drink or the excitement of the holiday but I found myself acting in a friendly manner to Dennis, chatting quite easily to him util it was time to leave. I had a moment's doubt when Sally invited them back for coffee, yet I needn't have worried for they acted perfectly properly and left the house shortly before midnight. Sally smiling at me.

"There, that wasn't so bad was it? Just wait till we hit Torquay, sis, things will really happen then... heh, come on, stop looking so sad, no second thoughts I trust?"

I shook my head. "No... no it was just that I suddenly felt the whole thing a bit clinical, you know what I mean, your talking me into going back on the Pill... oh and everything..."

She squeezed my hand, "Come on, bed for you and you'll thank me when you meet someone you want to go to bed with... none of that silly worry about getting pregnant? Anyway you seemed keen on the idea at the time."

So I had been, but as I lay awake that night serious doubts as to wisdom of trying too hard to recapture a 'normal' life plagued my troubled mind. I found myself wondering if I would have let Dennis make love to me, not that he made any suggestions along those lines, and shivered miserably as I tried to imagine what it would be like to submit to a man again after almost two years of celibate living.

I didn't sleep at all well, got up grumpy and packed the car before Sally appeared downstairs. It was almost eleven before we set off, stopping for lunch just the other side of Bristol and arriving in Torquay about five in the evening.

At least the flat bucked me up, a beautiful place overlooking the harbour, expensively furnished and sporting two bedrooms. That drawing a nod of approval from Sally.

"You can bet we shall need them both before the week's out." Again the nagging fear, tinged now with a sense that perhaps I would let her down... no, that was ridiculous.

We met Colin and Bob on the Sunday morning... well Sally made sure we met them by striking up a conservation on the beach. I felt self conscious of the skimpy bikini she had insisted I brought although when I had looked at myself in the mirror before leaving the flat and had to admit that I filled it adequately. The two had settled themselves about ten yards away, when Sally hailed them.

"Excuse me, but my sister and I haven't got a watch between us. I want ten minutes on my back and then turn over for ten minutes on my front... would you mind assisting?" I blushed with embarassment, it was all too blatant for me to accept. I lay down quickly on my tummy as one of them shouted back.

"A pleasure... if you need any help with the sun oil give us a yell."

I heard Sally giggle as she snuggled down my side. "Not bad, eh sis? A couple of nice hunks of manhood and old enough to know what it's all about."

I told her not to be so discusting, talking about them as if they were pieces of meat on a butchers counter.

The sun was nice on my back, warming me right through as I let my though wnader freely over life and its problems, it was a sudden coolness which made me turn my head and realise that a man was kneeling by my side. Grinning down at me, showing me even, white teeth, and a ruggedly handsome face.

"Hi, I'm Bob... ten minutes up, time to toast the other side..." I gave a wild look across to Sally, she already sat up and smiling at the man by her side, turning to me.

"This is Colin." He held out a hand and shook mine.

"Pleased to meet you, Wendy, I see you've already met my father... Bob..." I must have looked startled for he burst out laughing. "Sorry, just a standing joke between us... he is my brother really, though you wouldn't guess it with me being so good looking and him..." He gave a yell as Bob aimed a blow at him.

I still stared at Sally who shrugged and whispered as they wrestled on the sand. "I reckon we're in here, sis."

Before I had time to reply Bob was back by my side, sitting himself down without invitation and chatting easily enough. I put him around the thirty mark, finding out later that he was thirty three, within ten minues he had extracted from me where we came from and told me that he and Colin both worked as iron puddlers in the Black Country steel works, I could detect the rough dialect which told of his origins, yet more than anything else I was attracted to his hands, huge ham like things with the fattest fingers I ever saw. Hard working hands, bearing the scars of burns and yet honest hands on which I was still reflecting ashe nodded in Sally's direction.

"Want your back done as well?" I looked over to see my sister laying back on her tummy, Colin massaging her back with his palm spread with oil. "No... I don't think so..." My reply seemed so inadequate and the touch of sadness which crossed his face made me sorry to have sounded bitter. "I mean... well yes... if you like."

He grinned at me. "Heh, Col, chuck us the bottle, mine wants doing."

I mulled over those words... 'mine wants doing'... I wasn't his, or was I? His strong fingers worked a spell on my back as he gently applied the oil, surprisingly gentle for one with such large hands which had been the first male hands to touch me in two yeras, bringing back a flood of memories which dampened my eyes. I kept telling myself not to be stupid and then something happened to take away any other consideration, the clasp holding my top loosened.

"Heh... Bob, what are you doing..."

"We don't want a lily white mark right across yer back do we... just lie still and remember to grab yer top if you sit up, okay."

His hands on my back once more annointing the skin and straying dangerously lower with passing time, rubbing round my midriff and moving even lower into the small of my back. I wanted to cry out when I felt his fingers touching almost into the crevice between my buttocks, silenced only because I did not want to appear foolish. Lifting my head sufficiently to see that Sally was receiving similar treatment, her bikini top also hanging loose and Colin venturing further than his brother in that he was quite openly stroking the swelling cheeks of her bottom. Oh my God, we didn't even know them and she was letting him do that? Perhaps my sister did have different views to me, took a different attitude to such intimate secrets, I squirmed in the sand as strong fingers did the same to me. The fleshy cheeks of my bottom getting a thorough feeling under the guise of being protected against the sun. Things were happening too quickly for me to accept, grabbing my top to my breasts I sat up.

Bob seemed surprised. "Okay, so do you fancy a swim?"

That seemed a good idea, I struggled to reach around my back and fasten my top, Bob stepped in quickly to accomplish that simple task as I adjusted the cover at the front. He was staring quite unashamedly directly at my breasts, he clicked his tongue.

"You are very lovely, Wendy... enough to make a man leave home for." He had no idea just how much such a simple statement could boost my morale, I grabbed his hand and we dashed off down the beach to the sea. Despite the warmth of the sun the water was icy cold, we skipped about at the edge before he took the plunge and dived in full length. He swam powerfully, easy strokes taking him along at a fair rate. He

spluttered, shouted at me.

"Come on in... it's fine, honest..."

I ventured up to my waist, the water sliding around my buttocks and cooling the strange heat which seemed to be generated in my crotch. I didn't swim, standing instead and shouting encouragement to him as he splashed around for a while before walking back out to my side, hands grasped again as we moved out of the deeper sea. My eyes taken by the huge bulge in the in his trunks, he really was built like an ox, barrel chest and thick biceps, flat stomach and thick thighs... but every time my eyes kept creeping back to his groin and the ominous bulge of his penis. he was not erect, yet still it made me shudder to see the size of the man, my legs trembling slightly as I had wild thoughts of quite he would look like stripped naked.

The day seemed to fly on wings, Bob took me for a drink at lunchtime. I put on a beach wrap and walked with him to a pub, there to sit nibbling sandwiches whilst he ate several pies and drank at least four pints of beer.

In the afternoon we rejoined Sally and Colin on the beach, there to laze away the hours chatting and joking and generally enjoying ourselves. It transpired they had hired a caravan for the week and around four o'clock we parted, agreeing to meet them for dinner at seven. Once back at the flat I quickly challenged Sally as to the wisdom of the day's events. She listened to my tirade, sat calmly on the edge of the bed, before replying.

"Look, you suit yourself, Wendy. I'm certainly going out to dinner with them... if Colin wants to share my bed tonight then that's fine, if you want to stop here and watch television then feel free to do so." With that she swept out and went for a shower.

The next couple of hours seemed to drag, at one second I was filled with enthusiasm for the evening and the next a bag of doubting nerves. Three times I changed before settling for a simple cotton dress of white, a half cup brassiere and matching blue panties. It was a sultry evening and I decided against tights, slipping my feet into white sandals and joining Sally in the lounge. She insisted on me having a double vodka before we left and I was feeling an inner glow when we met Bob and Colin at the appointed place on the front.

They had sorted out a restaurant, wined and dined us in real style, they were good company that was for sure and it was almost half past ten when we left and made our way back to their caravan. It really was a rather splendid affair, long and luxurious, and they had in a plentiful supply of drink.

Bob poured me a brandy and sat on a side seat by my side whilst Sally was on the opposite side with Colin. I felt a sudden jolt around my heart when Colin quite openly put an arm around Sally's shoulder and pulled her close, she raising her face to receive his lips as he kissed her. I felt Bob steal an arm around me and tensed myself for his kiss, but it did not come, instead he pulled me to my feet and led me from the lounge end of he caravan into the separate kitchen.

"Hey, Wendy, relax... no one is going t make you do anything you don't want to... okay?" I nodded, feeling incapable of speaking. "Look, let's get something straight shall we? I think you are bloody smashing, I'd love to undress you and make love to you... but, and it's a big but, that's only if you want to. Perhaps I ought to tell yer one or two things I reckon I know about you, for starters you've had a kid... oh, don't look so bloody surprised, you don't get creases like them across yer tummy unless yer belly has been filled up with a child... okay so you are a mother, that's great, fer all I know yer old man might be waiting at home fer yer... if he is fine, we'll hide ourselves away fer a bit to gve them a chance and then go our separate ways... if he ain't then its up to you what happens."

I made as if to move back to where Sally was, he stayed my progress, a strong arm on mine.

"Be sure you are ready for what yer see, Wendy... be sure."

I twisted from his grip and moved away, a few steps and I could... Oh no, I could see my sister now, could see that Colin had pulled her dress down to her waist and removed her brassiere, a hand crushing an exposed breast and playing with the nipple. I was unsure whether to laugh or cry, surely would have shouted out some protest if Bob hadn't pulled me back into the kitchen.

"See what I mean now?"

I was nodding dumbly as Colin and Sally passed us on the way to the bedroom, Bob leading the way back to the lounge. Once there he lit a cigar, smoked easily whilst I sat on the edge of the padded seat.

"Make up yer mind, Wendy, we stop here and make ourselves barmy with the sounds of them two having it away, or we move?"

I didn't reply, instead straining my ears and shivering visibly as the steady beat began to pervade the caravan. I heard Sally's voice and half stood in trembling anticipation before Bob came across and pushed me back to the seat.

"Stop punishing yerself Wendy, for God's sake let's go, luv."

Still I stayed as the sounds from the bedroom grew in intensity and it was obvious that my sister and Colin were in the midst of a passionate sexual encounter, she giving sharp squeals of delight and he grunting steadily. The caravan shaking now to a steady movement as if they had achieved an understanding and were about to conclude the relationship. I got up at that, grabbed my coat and went for the door.

Bob followed. Once outside the cool of the evening struck me. I walked steadily and he hurried to keep pace with me, not speaking but merely dogging my footsteps as I walked quickly down into the town and onto the front. The lights around the harbour glistening as I stared out over the water, it was as if it had all suddenly become crystal clear. I turned to him.

"Take me home, Bob... to the flat, please... I want to go to bed... with you..."

The die was cast, I felt better immediately as if I had crossed some difficult bridge and was about to embark upon a new adventure.

"Are you sure?"

I nodded, thrilling as he took me in his arms and kissed me deeply. I put everything I knew into that kiss, opening my mouth to reveive his tongue as it snaked out to invade my lips, following it back as it withdrew to confirm my willingness to anything he chose to do. One of those lovely strong hands coming inside my coat and cupping a breast through my dress and bra, gently enfolding and making me feel really happy for the first time in two years.

As we walked away with arms wrapped aroudn each other I felt a damp patch at the top of my legs, knew that I had wet my panties in the excitement of his kissing me and smiled inwardly in the knowledge. Once we reached the flat I felt in control of my emotions, faced him in the hallway as he helped him in the hallway as he helped me out of my coat.

"Whatever I say, Bob, whatever I do.. take me, take me in spite of everything... will you promise me that?"

He looked serious. "That's a tall order, luv, I mean if you don't want to..."

I pressed my fingers to his lips to silence him. "Shut up darling. I want loving... loving completely and utterly, just be patient with me... please?"

I pressed my fingers to his lips to silence

He kissed me tenderly. "We've got forever if you want it, Wendy, forever and a day."

Perhaps it was by chance, yet at that moment I thought that destiny had brought him my way. We moved to the lounge, Bob wasting no more time in seeking to avail himself of what was on offer, unzipping the back of my dress as I shrugged my shoulders to allow the garment to slip to my waist, my brassiere the next object of his assault as his huge fingers unfastened the flimsy object and practically it from my body. More than anything I needed reassurance, begged him to tell me.

"Do you like my breasts, darling, do you want to feel them?" Amazed at the self confidence which seemed to be flooding through my body as I pushed out my breasts for his appraisal. I saw a look of absolute longing cross his face as he stepped close and put his hands to my mammaries, thrilling me to the core as he began to fondle them gently. I didn't want him to be gentle, I wanted to be raped, to be taken by force as if something inside demanded that my surrender should be by demand and not consent.

"Feel them, Bob, hurt them... feel them hard, darling..." He did just that, crushing my tits in his hands and making me squeal with pain as a red mist of passing and agony flooded my brain. I was not myself any longer, I was stood detached from the scene watching my own submission as Bob took away one hand and planted his mouth over a breast, dragged the urgent peak into his mouth and bit at the nipple with hard teeth.

"Hurt me... for God's sake hurt me, darling... Ahhhh, yes that's it... make it hurt... hurt, hurt, hurt..." Seeking to salvage

my soul from damnation by making him the agressor, forcing him to advance and seek to rip aside my resistance. Resistance? I was putty in his hands, incapable of stopping him doing whatever he chose with my body. Internally I felt as if I was a virgin before my taking, almost as if this was to be the very first time that my chastity was to be threatened despite having born two children.

"No... no please don't make me... Bob, please leave me alone..." An inner force causing me to put up a fight, for a brief second he hesitated, held me at arm's length.

"Are you sure, luv, is this really how you want it to be?"

I was nodding, half crying, half laughing. "Yes... yes don't stop, don't stop doing it to me... whatever I say or do then keep on till the end... take me, rape me... please, Bob, please..."

My words a jumble as he once more attacked my naked breasts, digging his fingers into the pliable mounds and sending me half crazy with lust as he mauled me unmercifully. I was being born again, living for the first time in my life as he again took hold of my tits in his mouth and ate them furiously. I heard a ripping sound, knew that he had torn my dress right down the hem and that it lay in tatters around my feet as he sort to jam a hand into my groin. All tha now separated me from him was the flimsy cover of my panties, that knowledge thrilling me to the marrow and at the same time terrifying me as I fought him, battled as if to stop him from achieving his evil desires.

Bob had one leg jammed between mine and was forcing my reluctant thighs apart, he was so strong that soon I could resist no longer and he was able to put one hand down to my vee, there to rustle into my crotch and feel my sex through my panties. I almost fainted away as he contacted that spot and thrust the thin material of my knickers into my slit.

I was being forced backwards, pushed across the settee as Bob lifted me bodily and placed me to his liking. One hand grabbing the thin protection of my knickers and gathering them at the front, tugging, cursing until with a loud sound they gave up the unequal struggle and parted. I was naked, naked as the day I was born as he pressed me to the soft, draylon cover of the sofa. With an effort I managed to snap my legs shut, shouting wildly at him.

"No, no... not that... anything but that..." Already his hand on my exposed sex, searching out and endeavouring to part my legs so that he might fully explore this area. I squealed with fright as he swiftly turned me over and attacked from the rear, firm fingers pressing around my anus. The action making me open my thighs which was what he really sought, grabbing the opening and running a hand around to the front to engage my puffy labia. That hand delving finges into my dripping sex, seeking out my clitoris and lashing it into bubbling anticipation as skilful digits drove me past the point of caring.

I was no longer capable of fighting, my firmly held view of making him the devil male long past as I abandoned myself to self abue and rubbed my vagina against his firm fingers. Seeking now to get them deep into my body as I felt the heralds of a deep lust bursting in my guts. With a blinding flash of bursting stars I exploded the pent up orgasm breaking through and filling my mind and body with a deep satisfactin as it spurted out in flowng pleasure. I went limp, fell in a heap of twitching sensation as that long felt need swept over me. I was almost unaware of the anxious voice above me until it was raised to a shout.

"Wendy... Wendy, luv, it's alright, honestly its alright..." I felt the sharp slap of a hand on my cheek, opened my eyes to see Bob staring at me, his eyes filled with fright.

"It's alright... darling, it's alright, it's what I wanted... wanted more than anything in the world..." My voice trembling as I sought to reassure him of my well being, sought to wrap my arms around his strong body and feed off his strength.

I was being dragged off that settee, pulled to the floor as Bob sought to sate his lust. I had no right now to fight, had no desire to resist as he took me... took me brutally and jammed his penis between my thighs, I could hear him breathing heavily above me as he sought to connect our bodies, forced that giant penis between my wet labia and on into my vagina. I heard a long howl and slowly realised that it was my voice rending the air as he struggled to set his erection up my quim.

I opened my legs in final submission, felt the rigid pole nose its way to the mushy depths and nearly fainted again to have such a thing dipped inside me. I strove t accommodate him, to make the passage up easy but he was so big, so strong that he too my breath away as he inched his massive penis inside. It took all my strength and determination simply to accept, there was no way in which I could show my true gut feelings, I lay back and tried to relax.

His prick seemed to have invaded my whole being, filling not only my vagina but my very soul as he humped it into me. His arms around my body and holding me tight as he slammed home the cruel pole of rigid flesh until with a gasp I felt it jerk and jiggle inside my, knew that he pumping home his sperm and kissed his face with warm thankfullness. We lay locked in each other's arms for what seemed an eternity, probably about twenty minutes before he gently removed his penis and helped me to my feet.

We did not linger long in the lounge, instead of seeking the comfort of my bed, there to lie in each others arms and sleep away until the glorious sun of the following morning awoke us. At first I felt awkward, soon calmed as Bob caressed my naked body and once more made me feel all woman, he sang my praises long and clear untile he heard the door open and Colin appeared around the bedroom door, Sally peering over his shoulder.

So the week passed, for me a glorious period of being stuffed regularly and indeed feeling that I wanted nothing more from life but to lie in Bob's arms. I still see him now, sometimes he rings me and we arrange to spend the night together in some motel or other, they are good nights filled with a deep understanding and passionate love. Yet there have been others, other men who have shared my bed and brought me at last to acceptance that I truly am all woman and need to have the comfort that only the male penis can bring.

*Dear Editor,*
*On Tuesday 24th April, Zeta, the one and only Zeta, made a personal appearance at the local Private Shop as part of her nationwide tour, and I was there, and you know, she confirmed my feelings that Zeta is the greatest sex star of all time, and I was most impressed at the way she talked and chatted with her fans. She is unique, and unlike many so called sex stars she really does go out of her way to meet her fans.*

*She gave me a signed photograph of herself, and... well, seeing her was really something, and I don't think I will ever forget the day I met her.*
*GF, Ayr.*

***Yes, Zeta really does like her fans, and she does make as many tours as she can, so look out for the next one.***

***By the way, I think you will be interested to know that a film called Emmanuele Goes To Cannes, which has Zeta in the lead role, will soon be showing at the Moulin Cinema, Great Windmill Street, London W1, and from what we've heard, it is a sensational film.***

***Remember, also, you can see Zeta each and every month in the new magazine called Adult Fantasy, which costs just 95 pence, and in that magazine they always have some explicit pictures of the lady.***
***Editor.***

*Dear Editor,*
*I'd only known this girl for a couple of hours, when she started to talk about masturbation. It was at the office party, and she was from a different department to me, and although I'd seen her floating around, this was the first time we had actually spoken, and there she was, in the main office, drink in hand, talking to me about how she loved to masturbate.*

*I put it to her that surely, the best pleasure a girl can get is when she is fucked, and she agreed with that, but said she still got a thrill from playing with herself, and then she took a sip from her drink, and said that she had an even bigger thrill from it when a man was watching her.*

*Well, that was a come on if ever I heard one. As everyone in the firm was packed into that main office, it meant the rest of the building was empty, so I took a chance, and said that if she really wanted a thrill, then I would be more than happy to watch her play with herself.*

*She smiled, said that was a good idea, and we slipped away from the main office, and went to the other end of the building where we found an empty office. I locked the door, while she pulled down the blinds and then switched on the lights.*

*She said she could only do it if she were naked, and so I sat on the edge of the desk while she undressed, and when I saw her lovely tits, and her shaven pussy, I got a full erection on the spot.*

*She stretched out on the carpet by the desk, and then smiled, and then her right hand moved slowly over her lovely boobs, and soon her nipples were very stiff indeed.*

*Then that hand carried on moving, and it went down over her flat belly, and then her hand was on the shaven mound of her pussy.*

*Just seeing her with her hand on her cunt was a thrill, but of course, she did much more than just leave her hand there.*

*After a few seconds, her fingers started to move over her fleshy lips.*

*Soon those pussy lips started to pout, and she rubbed some more, and those lips became wet, and as the sparkling drops of pussy cream appeared on her lips, so she started to pant and moan with lust.*

*She rubbed some more, and got wetter and wetter down there, and soon the scent was wafting up into the air.*

*She smiled at me, and then two of her fingers started to go inside her herself, and she pushed them in nice and slowly.*

*The pussy lips gaped and more and more cream appeared, and then her fingers were all the way inside her cunt, and this made her shiver all over.*

*I leaned over and watched closely, and she smiled up at me again, obviously very turned on by the fact that I was watching, and then her fingers started to move in and out of her cunt.*

*Wet sounds of sex came from her cunt as she worked her fingers in and out, and then her entire body started to shake, and after only a few seconds of playing with herself, she had a climax, and when she had that orgasm, so more and more of her nice scented juice came out.*

*She went slowly at first, and then after another climax, she speeded up, and it was a sheer delight to see her wanking off so fast.*

*She moaned and then sighed, and then she shouted with glee as another huge climax rippled through that lovely naked body of hers.*

*She kept on wanking, really fast and hard, those fingers of hers going as deep into her quim as possible, and now the scent of cream was heavier than ever.*

*She wanked for about ten minutes, and then pulled those fingers out, and she proved what a sexy woman she was by then sucking them in her mouth.*

*Of course, I couldn't let it finish there, and I very quickly undressed nad got down on the carpet with her, and I lost no time at all in getting my tongue into her cunt and giving her a eally good sucking out.*

*Shortly after that I was on top of her, and I pushed my hard cock all the way into her quim and then fucked her hard, and she moaned and heaved and writhed under me as I drove my hot cock deep into that very tight quim of hers.*

*She climaxed right the way through that fuck, and the biggest climax came when I spurted my sperm inside her.*

*I pulled out, and that sexy woman reached down and once again her fingers went inside her pussy, and again she wanked off while I watched.*

*Well, it just goes to show what can happen at office parties. It also proved to me that you can't tell from appearances what a person is like, for she was the most shy inoccent looking woman I had ever seen, and yet there I was naked with her n that office, and she was wanking off after I had fucked her. Needless to say, I fully intend to carry on our relationship outside office hours.*

*Dear Editor,*
*I was sitting this hotel lobby, and got talking to a woman who, like me, was staying at the hotel, and for some reason the conversation turned to sex, and I found myself asking her what really turned her on.*

*She thought about it for a moment, and then said just about everything turned her on, for sex was her favourite sport, and then she smiled again, and said what really made her randy was watching a man playing with himself while she was also wanking herself off.*

*Well, she seemed to like me, and I thought I would give it a try, and I said that I was more than willing, if she came up to my room, to help her get turned on.*

*She thought about that for a few seconds, and then she nodded, said she hadn't had any form of sex for a few days, and it would be nice to wank off while she watched me.*

*She made it plain that we would spend the night together anyway, and that the wanking part would just be the start.*

*Well, as we went up in the lift to my room, I thought this just had to be my lucky day. I'd been at the hotel for a few days and thought that I was missing out on any action, and now she had just booked in, and it looked like things were really improving.*

*We stepped into my room, and there she undressed, and her body was just about perfect, and I quickly undressed, and of course, by that time, my cock was already really hard.*

*She sat on the edge of the bed, and asked me to stand just in front of her, which I did. She sat there and opened her legs and then moved her right hand down to her cunt.*

*Her fingers started to play with her pussy lips, and it wasn't long before she was very wet down there.*

*As she started to stroke her pussy, so I placed my right hand on my cock and started to run my fingers up and down my shaft.*

*Her eyes were fixed on my cock, and of course, I was gazing at her fingers on her pussy.*

*She then slipped three of her fingers inot her cunt and started to wank, and I decided to match her speed, and when she flashed her fingers in and out of her pussy, so I wanked fast, and when she slowed down, I slowed down, and when she*

*speeded up, I speeded up.*

*Of course, she climaxed long before I did, in fact she had many climaxes in the first few minutes of that session, and the juices flowed and cascaded from her lips.*

*She was moaning softly to herself all the time she was wanking, only shoutin when she had a climax, and I was panting a bit, for I was getting close to my orgasm.*

*She saw this, gave herself another climax with her fingers, and then got off the bed, rushed over and knelt down in front of me.*

*She didn't touch me, she just held her face up, eyes wide open, and then waited, and it was very obvious she wanted my spunk all over her face.*

*I carried on wanking, and then when my glans bulged, and shortly after that my sperm came shooting out, and as it splattered all over her face, so she had the biggest climax so far.*

*She still didn't touch me, just stayed there while I kept pulling on my cock, and more and more thick dollops of spunk went over her face.*

*Then the last drop came out, and that was when she made contact with me, for she leaned in, and then the tip of her tongue brushed lightly over my glans.*

*She stood up, and she did look sexy with al my hot sperm on that beautiful face of hers, and then her right hand went to her face, and she rubbed the sperm into her skin.*

*In the end there was just one blob of sperm left, and that was on her chin, and with a look of real lust in her eyes, she wiped that off with the tips of her fingers, and still looking really lustful, she then placed the tips of her fingers into her mouth and sucked them.*

*Well, we rested and then we fucked, and then we rested and then fucked again, and this went on all the way through the night, and she turned out to be the sexiest woman that I had ever been with.*

*But towards morning, she wanted to finish the way we had started, with both of us wanking off, and I just about managed it, and again, just before I wanked to an orgasm, she kneeled in front of me, and once again she took every drop of my thick sperm all over her face.*

*She booked out the next day, and I have never seen her again, but I keep looking, for I'm sure she will turn up again somewhere.*

*You know, I always like to see women play with themselves, but she was the first that I have ever met who got turned on from watching a man wank off.*
*FD, Southampton.*

*Dear Editor,*
*Loved that story about a woman who loved oral sex that you published a couple of months back. It reminded me of a girl I once knew, called Janet, she was mad about oral sex, in fact she preferred it to fucking.*

*She liked giving it and taking it, and believe you me, she had the sweetest tasting cunt that I have ever known. Just pushing out that sweet tasting creamy juice was sheer delight.*

*But when it came to sucking cock, she was the best, but the best, for it would be true to say that she was in love with the taste of cock, that she was also in love with the taste of hot spunk, and as far as she was concerned she couldn't get enough of it.*

*She was the only woman that I have ever known who had an orgasm if spunk spurted over any part of her. Yes, spunk over her face, and she would climax, spunk over her boobs and she would climax, spunk over her belly or her bum or her back, and again she would climax.*

*But most of all she liked to drink the stuff down, and she always made the suck last as long as possible so that when I came she would get everything she could.*

*It was nice to stretch out and have her go down on me, and she would suck and slurp away at my cock in the most fabulous manner, and then, when I came, she would have this huge juddering climax.*

*She would take every last drop of my spunk into her mouth, drink it down, and then go on sucking to make sure I was really drained dry.*

*You know something, I only ever fucked that woman once, and she didn't climax from it, and yet she sucked me off dozens of times, and always climaxed when my spunk blasted into her sucking mouth.*

*Yes, she was the best cock sucker that I have ever met.*
*DC, Essex.*

*Dear Editor,*
*Watching a woman wank off is always a nice sight, don't you think? Well, in my time I've been lucky enough to know many women who liked to wank while I watched, but the other day I came across a girl who wanked in a way that I had never seen before.*

*We were at her flat, and I'd chatted her up, and we got undressed and went to bed, and she then said that what turned her on most of all was to be able to wank while a man watched.*

*I was all for that, but then she produced a banana, and my eyes almost popped out of my head. Yes, a banana, and it was the biggest one that I had ever seen in my life.*

*She stretched out on the sheets, legs wide apart, took that banana in her right hand, and then rubbed one end of it against her pussy lips, and before very long her juices were dribbling from her lovely tight looking pussy.*

*Then she started to ease that banana into her cunt, and she pushed it in very slowly indeed, and to tell the truth, I was amazed when I saw that she was able to take every single inch of that banana inside herself.*

*She had a climax as soon as it was in, and thn another climax as she started to move it in and out of her cunt. At first she did this very slowly, and then she speeded up, and soon she was going like the clappers, and juice was spraying all over the place, and then she had more and more climaxes.*

*To finish with, she pulled the banana from her cunt and then lifted it up to her mouth and sucked the juices from it, and she must have loved her own cream, for as she licked she had another orgasm. Yes, it was a sight that I will remember for a very long time to come.*
*Ben L, Newbury.*

***Well, they do say fruit is good for you. Editor.***

*Dear Editor,*
*You've all heard about the window cleaner who is cleaning the outside of a bathroom window, sees a woman in the bath, and goes in and has a good fuck. Well, the same thing happened to me the other day, only in reverse.*

*I was in the bath, and to be honest, I was playing with my cock, and it was nice and hard, and I was just about thinking of going all the way, when I looked up and saw this window cleaner, but it was a woman.*

*Later it turned out that the usual bloke was on holiday,and he had hired this woman to do his round, talk about women's lib.*

*Well, she looked in, smiled, and when she saw how hard my cock was she tapped on the window, and I got up out of the bath and opened it, and she looked really lovely.*

*She said she liked the look of my cock, and well when a woman says that to you, you have to do something about it, so I invited her in and in next to no time she was naked and in the bath with me.*

*That is the truth, it really did happen like that, and at the time I could hardly believe my good fortune, a naked female window cleaner in the bath with me.*

*Well, she washed me, and then I washed her, and this made me randier than ever, and then she started to run her soapy hands all over my cock, and I suggested that the bedroom might be a better place to do this sort of thing, and she agreed with that, and so we got out of the bath and dried off and then hurried into my bedroom.*

*We were soon rolling about on the bed, and she was soon very wet, and then she did a very nice thing, she moved round and crouched over my face, so that her pussy cream dripped into my open mouth.*

*Then she sat all the way down, and I lost no time at all in getting my tongue all the way up inside her pussy, so she started to climax, and with each and every climax she had, so more and more of her very nice cunt cream went into my mouth.*

*She tasted so very good that I didn't really care how long she sat on my face, for to tell the truth, I just couldn't get enough of her cream.*

*But in the end she rolled from me, nad then she lapped at my cock to get me really ard, and then she turned and crouched over my cock, and this time her dripping juices were washing all over my prick, and as you all know, that is one hell of a nice sensation.*

*Then she sat all the way down, and there was a wet slurping sound from her pussy as my cock went all the way up inside her.*

*She started to move up and down on my cock, and as she did so, I reached up with both my hands and used them on her lovely boobs, and she rocked her head from side to side, and her mouth opened, and she let out this huge scream of sheer bliss.*

*I started to heave up and down with my bum, driving my cock really hard into her cunt, and she climaxed again and again, and her juices felt really hot and good as they bubbled round my shaft.*

*Up and down she went, faster and faster, going at it hell for leather now, and her entire body seemed to have turned into one gigantic orgasm.*

*My glans heaved inside her cunt, and then she came down really hard and fast, adn that is when I came, and she heaved and shuddered with pleasure as she felt all my come flowing up into her cunt.*

*She sat on my lap for a long time after that, sat there till my cock went limp and she could no longer keep my cock inside her, and then she rolled from me.*

*We chatted for a while after that, and she said she really liked her job, said she got some nice fucks during the course of a week, and then we got down to some action again.*

*This time she sucked me off all the way, went down on my cock, took me into her mouth, and then sucked, and carried on sucking, till my sperm blasted into her waiting mouth, and she loved the taste of it so much that her climax seemed to tear her naked body apart.*

*After that, after she had swallowed down all my spunk, she said she really had to get back to work, and so she dressed, and left, and I went back to finish my bath.*

*Well, all this is true, and I thought that you might be interested to hear about it, after all, it does make a nice change from hearing about a male window cleaner.*

*By the way, that man is on holiday for a long time yet, and I'm really looking forward to next week when that girl will be back to clean my windows.*
*GDS, Twickenham.*

*Dear Editor,*
*The girl was really beautiful, and she was standing by this bus stop, and as I walked by she smiled. Now I thought this was a come on, perhaps she was a whore looking for customers, so I didn't take much notice.*

*Then I realised what she was smiling at, for my zip was undone, and not only that, somehow my cock had started to stick out of my pants.*

*I really blushed, zipped up, and the girl laughed. I stood next to her at the stop, and said I was sorry for having flashed my cock like that, and she said not to worry, she liked cocks, and then she added that as a matter of fact, she really liked the look of mine.*

*Well, I never turn down the chance of getting to know a woman better, and so I asked her if she would like to have a closer look at my prick.*

*I half expected her to slap me round the face and tell me to bugger off, but she didn't, she just smiled, and then said that yes, she would like a closer look.*

*The bus came along, we got on it together, and I suggested that as she seemed to like the look of my cock perhaps she should get off the bus with me and come to my place.*

*She agreed. Now you may wonder why, well, it turned out later that she was a real nympho, that the slightest hint of cock and she got wet, and there, in the street, she had seen my cock, and this made her randy as hell, and when she felt randy, she had to do something about it, and that is why she accepted my invitation.*

*Well, she came into my flat with me, and no sooner had I shut the door, then she went down on her knees in front of me and unzipped me and pulled out my cock.*

*I could hardly believe this was happening to me, for over the past few weeks I'd been very short of sex, and now this woman, this self confessed nympho was just about throwing herself at me.*

*She looked at my cock, stroked it with her hands, and soon I was hard as anything, and then she nodded, stood up, said it was a fine cock, and that she could hardly wait to get it inside of her pussy. I said we could soon take care of that little problem, and I took her straight into the bedroom, and there she took off her clothes just as far as she could go.*

*When naked, she was a sight for sore eyes, a really lovely figure, firm tits, nice stiff nipples, and perfectly shaped bum, and a pouting pussy. What man could ask for anything more in a woman?*

*I undressed, and as soon as we were on the bed, her hands went down to my cock, and she seemed to have fallen in love with it, pulled it, stroked it, even kissed it a couple of times, and the end result was that I had the biggest erection of my life.*

*She held her face close to it, and continued to move her hands all over my cock and balls, and it became obvious to me then that she wanted to get my spunk all over her face, and I for one, was not going to object to that.*

*Well, her fingers pulled and played with my cock, and then my glans bulged, and the my spunk came shooting out, and she worked hard on my cock then, and held her face close, so that nearly all my spunk went over her face.*

*As that stuff of mine showered over htat lovely face of hers, so she climaxed, and a relly thick flood of cunt cream bubbled from her pussy.*

*She kept pulling at my cock till she was sure she had got it all.*

*After she had cleaned up, she asked me to suck her cunt, which I took great pleasure in doing.*

*I still couldn't get over the fact that all this had stemmed from me being unzipped as I walked past that bus stop.*

*Still, I wasn't going to question it, and after sucking out that beautiful pussy of hers, I went to work on her tits, then moved down to her cunt, then up to her tits again.*

*Wasn't long before I was fully erect, and so she got on top of me, and then we rode together to a huge climax which left us both gasping for breath.*

*Well, it just goes to show what can happen to you when you walk down the street, doesn't it?*

*Mind you, I wouldn't advise your readers to walk along unzipped with their cocks hanging out, for the woman who sees you might just call the fuzz, after all, there can't be that many women about who go round looking for cock, can there?*
*TR, Glasgow.*
